NEW ISSUE—FULL BOOK-ENTRY **RATINGS:**
Moody's: "Aa1"; S&P: "AA"
(See "MISCELLANEOUS – Ratings" herein)

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest (and original issue discount) on the Bonds is exempt from State of California personal income tax. (See "TAX MATTERS" herein with respect to tax consequences relating to the Bonds.)

$19,410,000
ACALANES UNION HIGH SCHOOL DISTRICT
(Contra Costa County, California)
2012 General Obligation Refunding Bonds

Dated: Date of Delivery **Due: August 1, as shown below**

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision. Capitalized terms used on this cover page not otherwise defined shall have the meanings set forth herein.

The Acalanes Union High School District (Contra Costa County, California) 2012 General Obligation Refunding Bonds in the aggregate principal amount of $19,410,000 (the "Bonds"), are being issued by the Acalanes Union High School District (the "District") to (i) currently refund a portion of the District's outstanding 2002 General Obligation Refunding Bonds (the "Refunded Bonds"), and (ii) pay the costs of issuing the Bonds.

The Bonds are general obligations of the District payable solely from *ad valorem* property taxes. The Boards of Supervisors of Contra Costa County is empowered and obligated to annually levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds when due. The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (collectively referred to herein as "DTC"). Purchasers of the Bonds ("Beneficial Owners") will not receive physical certificates representing their interests in the Bonds. See "THE BONDS – Book-Entry Only System" herein.

The Bonds will be issued as current interest bonds such that interest thereon will accrue from the date of delivery and will be payable semiannually on February 1 and August 1 of each year, commencing August 1, 2012. The Bonds are issuable in denominations of $5,000 principal amount or any integral multiple thereof.

Payments of principal of and interest on the Bonds will be made by The Bank of New York Mellon Trust Company, N.A., as the designated paying agent, bond registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement to DTC Participants (defined herein) who will remit such payments to the beneficial owners of the Bonds. See "THE BONDS – Book-Entry Only System" herein.

The Bonds are subject to optional redemption as further described herein.

Maturity Schedule
Base CUSIP[(1)]: 004284

$19,410,000 Serial Bonds

Maturity (August 1)	Principal Amount	Interest Rate	Yield	CUSIP[(1)]
2012	$280,000	2.000%	0.450%	ZR9
2019	2,000,000	4.000	1.590	ZK4
2020	2,050,000	4.000	1.820	ZL2
2021	2,110,000	4.000	2.030	ZM0
2022	2,180,000	4.000	2.180	ZN8
2023	5,260,000	4.000	2.400[(1)]	ZP3
2024	5,530,000	4.000	2.490[(1)]	ZQ1

[(1)] Yield to call at par on August 1, 2022.

The Bonds are offered when, as and if issued, subject to the approval as to their legality by Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California, Bond Counsel and Disclosure Counsel to the District. It is anticipated that the Bonds in definitive form will be available for delivery through the facilities of Cede & Co., as nominee of The Depository Trust Company, in New York, New York, on or about May 3, 2012. See "THE BONDS – Delayed Delivery of the Bonds" herein.

CUSIP data herein is provided by CUSIP Global Services, managed by Standard & Poor's Financial Services LLC on behalf of The American Bankers Association. This data is not intended to create a database and does not serve in any way as a substitute for the CUSIP Services. Neither the Underwriter nor the District is responsible for the selection or correctness of the CUSIP numbers set forth herein.

This Official Statement does not constitute an offering of any security other than the original offering of the Bonds of the District. No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representations other than as contained in this Official Statement, and if given or made, such other information or representation not so authorized should not be relied upon as having been given or authorized by the District.

The issuance and sale of the Bonds have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended, in reliance upon exemptions provided thereunder. This Official Statement does not constitute an offer to sell or a solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

The information set forth herein has been obtained from sources which are believed to be reliable, but is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

When used in this Official Statement and in any continuing disclosure by the District in any press release and in any oral statement made with the approval of an authorized officer of the District or any other entity described or referenced in this Official Statement, the words or phrases “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimate,” “project,” “forecast,” “expect,” “intend” and similar expressions identify “forward looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material.

The Underwriter has provided the following sentence for inclusion in this Official Statement: The Underwriter has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriter does not guarantee the accuracy or completeness of such information.

In connection with this offering, the Underwriter may overallot or effect transactions which stabilize or maintain the market price of the Bonds at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time. The Underwriter may offer and sell the Bonds to certain securities dealers and dealer banks and banks acting as agent at prices lower than the public offering prices stated on the cover page hereof, and said public offering prices may be changed from time to time by the Underwriter.

The District maintains a website. However, the information presented on the District’s website is not incorporated into this Official Statement by any reference, and should not be relied upon in making an investment decisions with respect to the Bonds.

ACALANES UNION HIGH SCHOOL DISTRICT
(Contra Costa County, California)
2012 General Obligation Refunding Bonds

INTRODUCTION

This Official Statement, which includes the cover page and appendices hereto, provides information in connection with the sale of the Acalanes Union High School District (Contra Costa County, California) 2012 General Obligation Refunding Bonds (the “Bonds”).

This Introduction is not a summary of this Official Statement. It is only a brief description of and guide to, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and appendices hereto, and the documents summarized or described herein. A full review should be made of the entire Official Statement. The offering of the Bonds to potential investors is made only by means of the entire Official Statement.

The District

The Acalanes Union High School District (the “District”) is located in the western portion of Contra Costa County (the “County”) approximately 20 miles east of San Francisco. The District operates four comprehensive high schools and one alternative high school and encompasses an area of approximately 80 square miles and has an estimated population of 111,346.

The District was established in 1940 and provides secondary educational services to the residents of the Cities of Lafayette and Orinda, the Town of Moraga, a portion of the City of Walnut Creek, and of certain surrounding unincorporated areas in Contra Costa County. The 2011-12 assessed valuation of the area served by the District is $23,676,630,057. The District’s projected average daily attendance for fiscal year 2011-12 is 5,174.

The District is governed by a five-member Board of Trustees (the “Board of Trustees”), each member of which is elected to a four-year term. Elections for positions to the Board of Trustees are held every two years, alternating between two and three available positions. The management and policies of the District are administered by a Superintendent appointed by the Board of Trustees who is responsible for day-to-day District operations as well as the supervision of the District’s other key personnel. John Nickerson, Ed.D. is the District Superintendent. See “ACALANES UNION HIGH SCHOOL DISTRICT” herein.

Purpose of the Bonds

The Bonds are being issued to (i) currently refund the District’s outstanding 2002 General Obligation Refunding Bonds maturing on August 1, 2019, through and including August 1, 2024 (the “Refunded Bonds”), and (ii) pay the costs of issuing the Bonds. See “THE BONDS – Application and Investment of Bond Proceeds” and “ESTIMATED SOURCES AND USES OF FUNDS” herein.

Authority for Issuance of the Bonds

The Bonds are issued pursuant to certain provisions of the State of California Government Code and other applicable law, and pursuant to a resolution adopted by the Board of Trustees of the District. See “THE BONDS – Authority for Issuance” herein.

Sources of Payment for the Bonds

The Bonds are general obligations of the District payable solely from *ad valorem* property taxes. The Boards of Supervisors of the County is empowered and obligated to annually levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds when due. See "THE BONDS – Security and Sources of Payment" and "TAX BASE FOR REPAYMENT OF BONDS" herein.

Description of the Bonds

Form and Registration. The Bonds will be issued as current interest bonds which mature on August 1 in the years and the amounts indicated on the cover page hereof. The Bonds will be issued in fully registered form only, without coupons. The Bonds will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository of the Bonds. See "THE BONDS – General Provisions" and "THE BONDS – Book-Entry Only System" herein. Purchasers of interests in the Bonds (the "Beneficial Owners"), will not receive physical certificates representing their interests in the Bonds. In the event that the book-entry only system described below is no longer used with respect to the Bonds, the Bonds will be registered in accordance with the Resolution described herein. See "THE BONDS – Discontinuation of Book-Entry Only System; Payment to Beneficial Owners" herein.

Delayed Delivery of the Bonds. The Bonds are to be sold to the Underwriter on a delayed delivery basis pursuant to a purchase contract between the District and the Underwriter. See "THE BONDS – Delayed Delivery" and "MISCELLANEOUS – Underwriting" herein.

Denominations. Individual purchases of interests in the Bonds will be available in the denominations of $5,000 principal amount or any integral multiple thereof.

Redemption. The Bonds maturing on or after August 1, 2023, may be redeemed before maturity at the option of the District from any source of funds, on August 1, 2022 or on any date thereafter, as a whole, or in part. See "THE BONDS – Redemption" herein.

Payments. Interest on the Bonds accrues from their initial date of delivery (the "Date of Delivery"), and is payable semiannually on each February 1 and August 1 (each, a "Bond Payment Date"), commencing on August 1, 2012. Principal of the Bonds is payable on August 1 in the amounts and years set forth on the cover page hereof.

Payments of the principal of and interest on the Bonds will be made by The Bank of New York Mellon Trust Company, N.A., as the designated paying agent, registrar and transfer agent (the "Paying Agent"), to DTC for subsequent disbursement through DTC Participants (defined herein) to the Beneficial Owners of the Bonds.

Tax Matters

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California, Bond Counsel, based on existing statutes, regulations, rulings and judicial decisions and assuming compliance with certain covenants and requirements described herein, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State of California personal income tax. In addition, the difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity with respect to the Bond constitutes original issue discount, and the amount of original issue discount that accrues to the owner of the Bond is excluded from gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and is exempt from State of California personal income tax. See "TAX MATTERS" herein.

Offering and Delivery of the Bonds

The Bonds are offered when, as and if issued, subject to approval as to their legality by Bond Counsel. It is anticipated that the Bonds in book-entry form will be available for delivery through the facilities DTC in New York, New York on or about May 3, 2012. The delayed delivery of the Bonds is necessary to achieve a current refunding of the Refunded Bonds for purposes of the Internal Revenue Code of 1986, as amended. See "THE BONDS - Delayed Delivery of the Bonds" and "THE BONDS - Application and Investment of Bond Proceeds" herein.

Bond Owner's Risks

The Bonds are general obligations of the District payable solely from *ad valorem* taxes which may be levied without limitation as to rate or amount (except with respect to certain personal property which is taxable at limited rates) on all taxable property in the District. For more complete information regarding the District's financial condition and taxation of property within the District, see "TAX BASE FOR REPAYMENT OF BONDS", "GENERAL DISTRICT FINANCIAL INFORMATION" and "ACALANES UNION HIGH SCHOOL DISTRICT" herein.

Continuing Disclosure

The District has covenanted that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate. "Continuing Disclosure Certificate" shall mean that certain Continuing Disclosure Certificate relating to the disclosure of annual financial information and notices of certain listed events executed by the District as of the date of issuance and delivery of the Bonds, as it may be amended from time to time in accordance with its terms. See "LEGAL MATTERS – Continuing Disclosure" herein, and APPENDIX C – "FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE BONDS" herein. These covenants have been made in order to assist the Underwriter (defined herein) in complying with the S.E.C. Rule 15c2-12(b)(5) (the "Rule").

Forward Looking Statements

Certain statements included or incorporated by reference in this Official Statement constitute "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 21E of the United States Securities Exchange Act of 1934, as amended, and Section 27A of the United States Securities Act of 1933, as amended. Such statements are generally identifiable by the terminology used such as "plan," "expect," "estimate," "project," "budget" or other similar words. Such forward-looking statements include, but are not limited to, certain statements contained in the information regarding the District herein.

The achievements of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

The District does not plan to issue any updates or revisions to the forward-looking statements set forth in this Official Statement.

Professionals Involved in the Offering

Stradling Yocca Carlson & Rauth, a Professional Corporation, is acting as Bond Counsel and Disclosure Counsel to the District with respect to the Bonds, and will receive compensation from the District contingent upon the sale and delivery of the Bonds. Stradling Yocca Carlson & Rauth, a Professional Corporation, is located at 44 Montgomery Street, Suite 4200, San Francisco, California 94104. Keygent LLC, El Segundo, California, is acting as Financial Advisor to the District in connection with the issuance of the Bonds. Causey Demgen & Moore Inc., Denver, Colorado, is acting as verification agent for the Bonds.

Other Information

This Official Statement speaks only as of its date, and the information contained herein is subject to change.

Copies of documents referred to herein and information concerning the Bonds are available from the Acalanes Union High School District, 1212 Pleasant Hill Road, Lafayette, California, 94549, telephone: (925) 280-3900. The District may impose a charge for copying, mailing and handling.

No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representations other than as contained herein and, if given or made, such other information or representations must not be relied upon as having been authorized by the District. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale.

This Official Statement is not to be construed as a contract with the purchasers of the Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact. The summaries and references to documents, statutes and constitutional provisions referred to herein do not purport to be comprehensive or definitive, and are qualified in their entireties by reference to each such documents, statutes and constitutional provisions.

The information set forth herein, other than that provided by the District, has been obtained from official sources which are believed to be reliable but it is not guaranteed as to accuracy or completeness, and is not to be construed as a representation by the District. The information and expressions of opinions herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the District since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

Capitalized terms used but not otherwise defined herein shall have the meanings assigned to such terms by the Resolution (as such term is defined herein).

THE BONDS

Authority for Issuance

The Bonds are issued pursuant to the provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of the Government Code of the State of California (the "Act") and other applicable law, and pursuant to a resolution adopted by the Board of Trustees of the District on October 19, 2011 (the "Resolution").

Delayed Delivery of the Bonds

Delayed Delivery. The District expects to deliver the Bonds, in book-entry form to DTC on or about May 3, 2012, (the "Settlement Date") for the account of the Piper Jaffray & Co. (the "Underwriter") pursuant to the purchase contract by and between the District and the Underwriter (the "Purchase Contract").

Certain Terms Concerning the Delayed Delivery. Under the Purchase Contract, the Underwriter is not required to purchase the Bonds, if among other conditions, there has been a Change in Law (as defined in APPENDIX E) which would prohibit the Underwriter from selling the Bonds, would make the issuance of the Bonds illegal, or would prevent Bond Counsel from delivering its opinion concerning certain federal tax matters (See "TAX MATTERS" herein). The Underwriter may not refuse to purchase the Bonds by reason of "general market or credit changes," including, but not limited to, (a) changes in the ratings to be assigned to the Bonds between the date of closing, which is expected to occur on or about February 23, 2012 (the "Closing Date") (See "MISCELLANEOUS – Rating" herein) and the Settlement Date or changes in the credit associated with the Bonds, or (b) changes in the financial condition, operations, performance, properties or prospects of the District prior to the Settlement Date.

The Underwriter reserves the right to obligate investors purchasing the Bonds to execute the delayed delivery contract in substantially the form of APPENDIX E attached hereto (the "Delayed Delivery Contract"). The Delayed Delivery Contract restricts the ability of the purchasers of the Bonds to transfer their interests in the Bonds prior to the Settlement Date and no representation is made that any such transfer will be permitted. The proposed form of Delayed Delivery Contract is attached as APPENDIX E at the request and for the convenience of the Underwriter. The District will not be a party to the Delayed Delivery Contracts and is not in any way responsible for the performance thereof or for any representations or warranties contained therein. The rights and obligations under the Purchase Contract are not conditioned or dependent upon the performance of any Delayed Delivery Contract.

Certain Considerations. The delivery of the Bonds is subject to certain conditions, including, but not limited to, receipt by the District of an opinion of Bond Counsel in substantially the form set forth in APPENDIX A, the delivery of other documents specified in the Purchase Contract and the payment of the purchase price by the Underwriter in accordance with the Purchase Contract. Changes or proposed changes in Federal or California laws, court decisions, regulations or proposed regulations or rulings or administrate agencies occurring or in effect prior to the delivery of the Bonds or failure of the District to provide closing certificates customarily required in connection with the issuance of tax-exempt bonds could prevent those conditions form being satisfied. None of the Bonds will be issued on the Settlement Date unless all of the Bonds are issued on the Settlement Date.

During the period between the date hereof and the Settlement Date (the "Delayed Delivery Period"), certain information contained in the Official Statement may change in a material respect. The District has agreed to update this Official Statement if it is necessary so that the Official Statement does not contain any untrue statement of a material fact or omit to state a material fact required to be stated in the Official Statement, or necessary to make the statements in the Official Statement, in light of the circumstances under which they were made, not misleading as of the Closing Date. Except for any such update, neither the District nor the Underwriter is obligated to update the Official Statement during the Delayed Delivery Period.

Ratings Risk. It is anticipated that upon issuance of the Bonds, the existing underlying ratings on the Bonds will be confirmed by S&P and Moody's, however, no assurance can be given that at the Settlement Date, such ratings will continue to be in effect. See "MISCELLANEOUS – Rating" herein.

Market Value Risk. The market value of the Bonds, as the Settlement Date may be affected by a variety of factors including, without limitation, general market conditions, the ratings then assigned to the Bonds, the financial condition and business operations of the District and federal, state and local income tax and other laws. The market value of the Bonds as of the Settlement Date could therefore be higher or lower than the price to be paid by the initial purchasers of the Bonds and that difference could be substantial. None of the District, the Underwriter or the Financial Advisor make any representation as to the expected market price of the Bonds as of the Settlement Date.

Secondary Market Risk. The Underwriter is not obligated to make a secondary market in the Bonds and no assurance can be given that a secondary market will exist for the Bonds, including during the Delayed Delivery Period. Prospective purchasers of the Bonds should assume that there will be no secondary market during the Delayed Delivery Period.

Security and Sources of Payment

The Bonds are general obligations of the District payable solely from *ad valorem* property taxes. The Board of Supervisors of the County is empowered and obligated to annually levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds when due. Such taxes will be levied annually in addition to all other taxes during the period that the Bonds are outstanding in an amount sufficient to pay the principal of and interest on the Bonds when due. Such taxes, when collected, will be placed by Contra Costa County (the "County") in the District's Debt Service Fund (defined herein), which is segregated and maintained by the County and which is designated for the payment of principal of and interest on the Bonds when due, and for no other purpose. Although the County is obligated to levy *ad valorem* taxes for the payment of the Bonds, and the County will maintain the Debt Service Fund for the repayment of the Bonds, the Bonds are not a debt of the County.

The moneys in the Debt Service Fund, to the extent necessary to pay the principal of and interest on the Bonds as the same becomes due and payable, shall be transferred to the Paying Agent. The Paying Agent will in turn remit the funds to DTC for remittance of such principal and interest to its Participants for subsequent disbursement to the Beneficial Owners of the Bonds.

The rate of the annual *ad valorem* taxes levied by the County to repay the Bonds will be determined by the relationship between the assessed valuation of taxable property in the District and the amount of debt service due on the Bonds in any year. Fluctuations in the annual debt service on the Bonds and the assessed value of taxable property in the District may cause the annual tax rates to fluctuate. Economic and other factors beyond the District's control, such as general market decline in land values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by the State and local agencies and property used for qualified education, hospital, charitable or religious purposes), or the complete or partial destruction of the taxable property caused by a natural or manmade disaster, such as earthquake, flood or toxic contamination, could cause a reduction in the assessed value of taxable property within the District and necessitate a corresponding increase in the respective annual tax rates. For further information regarding the District's assessed valuation, tax rates, overlapping debt, and other matters concerning taxation, see "TAX BASE FOR REPAYMENT OF BONDS" – "Assessed Valuations" and "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIIIA of the California Constitution" herein.

General Provisions

The Bonds will be issued in book-entry form only, and will be initially issued and registered in the name of Cede & Co. as nominee for DTC. Purchasers will not receive certificates representing their interest in the Bonds.

Interest on the Bonds accrues from the Date of Delivery, expected to be May 3, 2012, and is payable semiannually on each Bond Payment Date, commencing August 1, 2012. Interest on the Bonds shall be computed on the basis of a 360-day year of twelve 30-day months. Each Bond shall bear interest from the Bond Payment Date next preceding the date of authentication thereof unless it is authenticated as of a day during the period from the 16th day of the month immediately preceding any Bond Payment Date (a "Record Date") to that Bond Payment Date, inclusive, in which event it shall bear interest from such Bond Payment Date, or unless it is authenticated on or before July 15, 2012, in which event it shall bear interest from the Date of Delivery. The Bonds are issuable in denominations of $5,000 principal amount or any integral multiple thereof. The Bonds mature on August 1 of the years and in the amounts set forth on the cover page hereof.

Payment of interest on any Bond on any Bond Payment Date shall be made to the person appearing on the registration books of the Paying Agent as the Owner of such Bond (an "Owner" or "Bondowner") thereof as of the close of business on the Record Date, such interest to be paid by check mailed to such Owner on the Bond Payment Date, at such Owner's address as it appears on such registration books or at such other address as such Owner may have filed with the Paying Agent for that purpose on or before the Record Date. The Owner in an aggregate principal amount of $1,000,000 or more may request in writing to the Paying Agent that such Owner be paid interest by wire transfer to the bank and account number on file with the Paying Agent as of the Record Date. The principal and redemption premiums, if any, payable on the Bonds are payable upon maturity or earlier redemption, as applicable, upon surrender at the principal office of the Paying Agent. The interest, principal and redemption premiums, if any, on the Bonds are payable in lawful money of the United States of America. The Paying Agent is authorized to pay the Bonds when duly presented for payment at maturity, and to cancel all Bonds upon payment thereof. So long as the Bonds are held in the book-entry system of DTC, all payments of principal of and interest on the Bonds will be made by the Paying Agent to Cede & Co. (as a nominee of DTC), as the registered Owner of the Bonds. See "THE BONDS – Book-Entry Only System" herein.

Annual Debt Service

The following table summarizes the annual debt service requirements of the District for the Bonds, assuming no optional redemptions are made:

Year Ending August 1	Annual Principal Payment	Annual Interest Payment[1]	Total Annual Debt Service
2012	$280,000	$188,417.78	$468,417.78
2013	--	765,200.00	765,200.00
2014	--	765,200.00	765,200.00
2015	--	765,200.00	765,200.00
2016	--	765,200.00	765,200.00
2017	--	765,200.00	765,200.00
2018	--	765,200.00	765,200.00
2019	2,000,000	765,200.00	2,765,200.00
2020	2,050,000	685,200.00	2,735,200.00
2021	2,110,000	603,200.00	2,713,200.00
2022	2,180,000	518,800.00	2,698,800.00
2023	5,260,000	431,600.00	5,691,600.00
2024	5,530,000	221,200.00	5,751,200.00
Total	$19,410,000	$8,004,817.78	$27,414,817.78

(1) Interest payments on the Bonds will be made semiannually on February 1 and August 1 of each year, commencing August 1, 2012.

See "ACALANES UNION HIGH SCHOOL DISTRICT – District Debt Structure – General Obligation Bonds" herein for a full debt service schedule of all the District's outstanding general obligation bond debt.

Application and Investment of Bond Proceeds

The Bonds are being issued to currently refund the Refunded Bonds, as well as to pay the costs of issuing the Bonds.

On the Settlement Date, the net proceeds from the sale of the Bonds shall be paid to U.S. Bank National Association, acting as escrow agent (the "Escrow Agent"), to the credit of the "Acalanes Union High School District 2012 General Obligation Refunding Bonds Escrow Fund" (the "Escrow Fund"). Pursuant to an escrow agreement (the "Escrow Agreement") by and between the District and the Escrow Agent, an amount will be deposited in the Escrow Fund which will be sufficient to enable the Escrow Agent to pay the redemption price of the Refunded Bonds on August 1, 2012, as well as accrued interest on the Refunded Bonds to such date.

The sufficiency of the amounts on deposit in the Escrow Fund, together with realizable interest and earnings thereon, to pay the redemption price of the Refunded Bonds, and the accrued interest due on the Refunded Bonds, on the above-referenced date will be verified by Causey Demgen & Moore Inc. (the "Verification Agent"). As a result of the deposit and application of funds so provided in the Escrow Agreement, and assuming the accuracy of the Verification Agent's computations, the Refunded Bonds will be defeased and the obligation of the County to levy *ad valorem* taxes for payment of the Refunded Bonds will terminate.

Surplus moneys in the Escrow Fund, when received by the District from the sale of the Bonds or following the redemption of the Refunded Bonds, shall be kept separate and apart in a fund designated as the "Acalanes Union High School District, 2012 General Obligation Refunding Bonds Debt Service Fund" (the "Debt Service Fund"), to be held by the County and used only for payment of principal of and interest on the Bonds. Any excess proceeds of the Bonds not needed for the authorized purposes for which the Bonds are being issued shall be transferred to the Debt Service Fund and applied to the payment of principal of and interest on the Bonds. If, after payment in full of the Bonds, there remain excess proceeds, any such excess amounts shall be transferred to the general fund of the District.

Concurrently with the issuance of the Bonds, irrevocable instructions will be given to the Escrow Agent, as paying agent for the Refunded Bonds, to mail a timely notice of redemption of the Refunded Bonds.

Moneys in the Debt Service Fund are authorized to be invested in any one or more investments generally permitted to school districts under the laws of the State of California or as permitted by the Resolution. Moneys in the Debt Service Fund are expected to be initially invested through the Contra Costa County Investment Pool. See "CONTRA COSTA COUNTY INVESTMENT POOL" herein.

Redemption

Optional Redemption. The Bonds maturing on or before August 1, 2022 are not subject to redemption. The Bonds maturing on or after August 1, 2023 are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of available funds, in whole or in part, on any date on or after August 1, 2022, at a redemption price equal to the principal amount of the Bonds selected for redemption, together with interest accrued thereon to the date of redemption, without premium.

Selection of Bonds for Redemption. Whenever provision is made for the redemption of Bonds and less than all Bonds are to be redeemed, the Paying Agent, upon written instruction from the District, will select the Bonds for redemption as so directed and if not directed, in inverse order of maturity. Within a maturity, the Paying Agent will select Bonds for redemption by lot. Redemption by lot shall be in such manner as the Paying Agent will determine; *provided, however*, that the portion of any Bond to be redeemed in part shall be in the principal amount of $5,000 or any integral multiple thereof.

Notice of Redemption. Notice of any redemption of Bonds will be mailed, postage-prepaid, not less than 30 nor more than 60 days prior to the redemption date (i) to the respective registered owners thereof at the addresses appearing on the bond registration books, (ii) to the Securities Depository described below, and (iii) to one or more of the Information Services described below. Notice of redemption to the Securities Depository and the Information Services will be given by registered mail, facsimile transmission or overnight delivery service. Each notice of redemption will specify (a) the Bonds or designated portions thereof (in the case of redemption of the Bonds in part but not in whole) which are to be redeemed, (b) the date of redemption, (c) the place or places where the redemption will be made, including the name and address of the Paying Agent, (d) the redemption price, (e) the CUSIP numbers (if any) assigned to the Bonds to be redeemed, (f) the Bond numbers of the Bonds to be redeemed in whole or in part and, in the case of any Bond to be redeemed in part only, the principal amount of such Bond to be redeemed, and (g) the original issue date, interest rate and stated maturity date of each Bond to be redeemed in whole or in part.

"Information Services" means Financial Information, Inc.'s "Daily Called Bond Service," 1 Cragwood Road, 2nd Floor, South Plainfield, New Jersey 07083, Attention: Editor; Mergent Inc., 585 Kingsley Park Drive, Fort Mill, South Carolina 29715, Attention: Called Bond Department; and Standard and Poor's J.J. Kenny Information Services' "Called Bond Record," 55 Water Street, 45th Floor, New York, New York 10041.

"Securities Depository" shall mean The Depository Trust Company, 55 Water Street, New York, New York 10041, Fax (212) 855-1000 or (212) 855-7320.

The actual receipt by an Owner of any Bond or by any Information Service or Securities Depository of notice of such redemption will not be a condition precedent to redemption, and neither failure to receive such notice nor any defect in such notice shall affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest thereon on the date fixed for redemption.

The notice or notices required for redemption will be given by the Paying Agent or its designee. A certificate by the Paying Agent that notice of call and redemption has been given to owners of Bonds and to the appropriate Securities Depository and Information Services shall be conclusive as against all parties, and no Bondowner whose Bond is called for redemption may object thereto or object to the cessation of interest on the fixed redemption date by any claim or showing that said Bondowner failed to actually receive such notice of call and redemption.

Payment of Redeemed Bonds. When notice of redemption has been given substantially as described above, and, when the amount necessary for the redemption of the Bonds called for redemption (principal, interest, and premium, if any) is set aside for that purpose, as described below, the Bonds designated for redemption in such notice will become due and payable on the date fixed for redemption thereof and upon presentation and surrender of said Bonds at the place specified in the notice of redemption with the form of assignment endorsed thereon executed in blank, said Bonds will be redeemed and paid at the redemption price thereof. All unpaid interest payable at or prior to the redemption date will continue to be payable to the respective Owners, but without interest thereon.

Partial Redemption of Bonds. Upon the surrender of any Bond redeemed in part only, the Paying Agent will execute and deliver to the Owner thereof a new Bond or Bonds of like tenor and maturity and of authorized denominations equal in principal amount to the unredeemed portion of the Bond surrendered. Such partial redemption is valid upon payment of the amount required to be paid to such Owner, and the District will be released and discharged thereupon from all liability to the extent of such payment.

Effect of Notice of Redemption. If on the applicable designated redemption date, money for the redemption of the Bonds to be redeemed, together with interest to such redemption date, is held by the Paying Agent so as to be available therefor on such redemption date, and if notice of redemption thereof will have been given substantially as described above, then from and after such redemption date, interest with respect to the Bonds to be redeemed shall cease to accrue and become payable.

Bonds No Longer Outstanding. When any Bonds (or portions thereof), which have been duly called for redemption prior to maturity, or with respect to which irrevocable instructions to call for redemption prior to maturity at the earliest redemption date have been given to the Paying Agent, in form satisfactory to it, and sufficient moneys shall be held by the Paying Agent irrevocably in trust for the payment of the redemption price of such Bonds or portions thereof, and accrued interest with respect thereto to the date fixed for redemption, then such Bonds will no longer be deemed Outstanding and shall be surrendered to the Paying Agent for cancellation.

Book-Entry Only System

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but neither the District, the Financial Advisor, nor the Underwriter take responsibility for the accuracy or completeness thereof. The District cannot and does not give any assurances that DTC, DTC Direct Participants or Indirect Participants (as defined herein) will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Bonds, (b) certificates representing ownership interest in or other confirmation or ownership interest in the Bonds, or (c) redemption or other notices sent to DTC or Cede & Co., its nominee, as the registered Owner of the Bonds, or that they will so do on a timely basis or that DTC, Direct Participants or Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedures" of DTC to be followed in dealing with Participants are on file with DTC.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Bonds"). The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants," and together with the Direct Participants, the "Participants"). DTC has a Standard & Poor's rating of "AA+". The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, defaults, and proposed amendments to the Resolution. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds and distributions on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds or distributions to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District or the Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

Discontinuation of Book-Entry Only System; Payment to Beneficial Owners

In the event that the book-entry system described above is no longer used with respect to the Bonds, the following provisions will govern the payment, registration, transfer, exchange and replacement of the Bonds.

The principal of the Bonds and any premium and interest upon the redemption thereof prior to the maturity will be payable in lawful money of the United States of America upon presentation and surrender of the Bonds at the designated office of the Paying Agent, initially located in Los Angeles, California. Interest on the Bonds will be paid by the Paying Agent by check or draft mailed to the person whose name appears on the registration books of the Paying Agent as the registered Owner, and to that person's address appearing on the registration books as of the close of business on the Record Date. At the written request of any registered Owner of at least $1,000,000 in aggregate principal amount, interest shall be wired to a bank and account number on file with the Paying Agent as of the Record Date.

Any Bond may be exchanged for Bonds of like tenor, maturity and transfer amount upon presentation and surrender at the designated office of the Paying Agent, initially located in Los Angeles, California, together with a request for exchange signed by the registered Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. A Bond may be transferred on the Bond registration books only upon presentation and surrender of the Bond at such office of the Paying Agent together with an assignment executed by the registered Owner or by a person legally empowered to do so in a form satisfactory to the Paying Agent. Upon exchange or transfer, the Paying Agent shall complete, authenticate and deliver a new Bond or Bonds of like tenor and of any authorized denomination or denominations requested by the Owner equal in the aggregate to the unmatured principal amount of the Bond surrendered and bearing interest at the same rate and maturing on the same date.

Neither the District nor the Paying Agent will be required (a) to issue or transfer any Bonds during a period beginning with the opening of business on the 15th business day next preceding either any Bond Payment Date or any date of selection of Bonds to be redeemed and ending with the close of business on the Bond Payment Date or any day on which the applicable notice of redemption is given or (b) to transfer any Bonds which have been selected or called for redemption in whole or in part.

Defeasance

All or any portion of the outstanding maturities of the Bonds may be defeased at any time prior to maturity in the following ways:

(a) Cash. By irrevocably depositing with an independent escrow agent selected by the District an amount of cash which together with amounts then on deposit in the Debt Service Fund, is sufficient to pay and discharge all Bonds outstanding and designated for defeasance, (including all principal and interest represented thereby and redemption premiums, if any) at or before their maturity date; or

(b) Government Obligations. By irrevocably depositing with an independent escrow agent selected by the District noncallable Government Obligations (as defined below) together with cash, if required, in such amount as will, in the opinion of an independent certified public accountant, together with interest to accrue thereon and moneys then on deposit in the Debt Service Fund together with the interest to accrue thereon, be fully sufficient to pay and discharge all Bonds outstanding and designated for defeasance (including all principal and interest represented thereby and redemption premiums, if any), at or before their maturity date or applicable redemption date;

then, notwithstanding that any such maturities of Bonds shall not have been surrendered for payment, all obligations of the District with respect to all such designated outstanding Bonds shall cease and terminate, except only the obligation of the Paying Agent or an independent escrow agent selected by the District to pay or cause to be paid from funds deposited pursuant to paragraphs (a) or (b) above, to the Owners of such designated Bonds not so surrendered and paid all sums due with respect thereto.

"Government Obligations" means direct and general obligations of the United States of America (which may consist of obligations of the Resolution Funding Corporation that constitute interest strips), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, or "prerefunded" municipal obligations rated in the highest rating category by Moody's Investors Service or Standard & Poor's. In the case of direct and general obligations of the United States of America, Government Obligations shall include evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations. Investments in such proportionate interests must be limited to circumstances where (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; provided that such obligations are rated or assessed "AAA" by Standard & Poor's or "Aaa" by Moody's Investors Service.

[REMAINDER OF PAGE LEFT BLANK]

ESTIMATED SOURCES AND USES OF FUNDS

The proceeds of the Bonds are expected to be applied as follows:

Sources of Funds	
Principal Amount of Bonds	$19,410,000.00
Original Issue Premium	2,892,317.50
Total Sources	$22,302,317.50
Uses of Funds	
Deposit to Escrow Fund	$22,051,823.75
Costs of Issuance[1]	250,493.75
Total Uses	$22,302,317.50

[1] Reflects all costs of issuance, including but not limited to the Underwriter's discount, credit rating fees, printing costs, demographics and filing fees, legal fees, financial advisory fees, and the costs and fees of the Paying Agent, Escrow Agent and Verification Agent. See "MISCELLANEOUS – Underwriting" herein.

CONTRA COSTA COUNTY INVESTMENT POOL

The following information has been provided by the County, and the District and Underwriter take no responsibility for the accuracy or completeness thereof. Further information may be obtained from the County Treasurer.

Substantially all operating funds of the District are invested in the Contra Costa County Investment Pool. Upon closing of the Bonds, proceeds of the Bonds will be deposited with the Contra Costa County Treasurer. The Treasurer accepts funds only from agencies located within the County for investment in the Contra Costa County Investment Pool. As of September 30, 2011, the cost value of the Contra Costa County Investment Pool was $1,634,559,420 and the fair value was $1,636,029,298, which was 100.09% of cost. As of September 30, 2011 the weighted average maturity of the Contra Costa County Investment Pool was 167 days.

The following table summarizes the composition of the Pool as of September 30, 2011.

CONTRA COSTA COUNTY INVESTMENT POOL
PORTFOLIO COMPOSITION
(as of September 30, 2011)

Type of Investment	Cost Value	Fair Value	Percent of Total (Cost Value)
U.S. Treasuries (STRIPS, Bills, Notes)	$16,957,125.54	$17,123,099.60	1.04%
U.S. Agencies (Federal, State, Local)	227,677,944.41	229,209,348.85	13.93
Money Market Instruments	740,634,816.34	740,813,244.31	45.31
Local Agency Investment Fund	414,100,805.29	414,100,805.29	25.33
Other	158,387,440.77	157,981,512.67	9.69
Cash	76,801,287.73	76,801,287.73	4.70
TOTAL	$1,634,559,420.08	$1,636,029,298.45	100.00%

Note: All report information is unaudited.

The Treasurer's investment portfolio is in compliance with Government Code 53600 et. seq. and is in compliance with the Treasurer's current investment policy. The Treasurer's investment portfolio has no securities lending, reverse repurchase agreements or derivatives. The County reports that it is current practice for the Treasurer to mark the portfolio to market on a monthly basis. Such evaluations are performed by the County. Over 84% of the portfolio or over $1.38 billion will mature in less than a year. The County is able to meet its cash flow needs for six months.

TAX BASE FOR REPAYMENT OF BONDS

Ad Valorem Property Taxation

District property taxes are assessed and collected by the County at the same time and on the same rolls as the special district property taxes. Assessed valuations are the same for both District and the County taxing purposes.

The valuation of secured property is established as of January 1 and is subsequently equalized in August. Property taxes are payable in two installments due November 1 and February 1, respectively, and become delinquent on December 10 and April 10 for each respective installment. Taxes on unsecured property (personal property and leasehold) are due on August 31 of each year based on the preceding fiscal year's secured tax rate and become delinquent on October 31.

State law exempts from taxation $7,000 of the full cash value of an owner-occupied dwelling, but this exemption does not result in any loss of revenue to local agencies, since the State reimburses local agencies for the value of the exemptions.

All property is assessed using full cash value as defined by Article XIIIA of the State Constitution. State law provides exemptions from *ad valorem* property taxation for certain classes of property such as churches, colleges, non-profit hospitals, and charitable institutions.

Future assessed valuation growth allowed under Article XIIIA (new construction, certain changes of ownership, 2% inflation) will be allocated on the basis of "situs" among the jurisdictions that serve the tax rate area within which the growth occurs. Local agencies and schools will share the growth of "base" revenues from the tax rate area. Each year's growth allocation becomes part of each agency's allocation in the following year. The availability of revenue from growth in tax bases to such entities may be affected by the establishment of redevelopment agencies which, under certain circumstances, may be entitled to revenues resulting from the increase in certain property values.

For assessment and collection purposes, property is classified as either "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing State-assessed property and real property having a tax lien which is sufficient, in the opinion of the assessor, to secure payment of the taxes. Unsecured property comprises all property not attached to land such as personal property or business property. Boats and airplanes are examples of unsecured property. Unsecured property is assessed on the "unsecured roll."

Assessed Valuations

The assessed valuation of property in the District is established by the tax assessing authority for the county in which such property is located, except for public utility property which is assessed by the State Board of Equalization. Assessed valuations are reported at 100% of the "full value" of the property, as defined in Article XIIIA of the California Constitution. For a discussion of how properties currently are assessed and re-assessed, see "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS" herein. Certain classes of property, such as churches, colleges, not-for-profit hospitals, and charitable institutions, are exempt from property taxation and do not appear on the tax rolls.

Property within the District has a total assessed valuation for fiscal year 2011-12 of $23,676,630,057. Shown in the following table are the assessed valuations for the District for the period 2005-06 through 2011-12.

ASSESSED VALUATIONS
Fiscal Years 2005-06 through 2011-12
Acalanes Union High School District

	Local Secured	Utility	Unsecured	Total Before Rdv. Increment
2005-06	$19,004,752,623	$1,475,950	$428,699,704	$19,434,928,277
2006-07	20,685,834,324	1,476,589	450,100,666	21,137,411,579
2007-08	22,115,176,261	1,476,589	456,882,163	22,573,535,013
2008-09	23,111,571,673	1,419,775	487,171,580	23,600,163,028
2009-10	23,678,370,404	1,419,775	479,708,986	24,159,499,165
2010-11	23,608,834,196	650,940	472,451,284	24,081,936,420
2011-12	23,202,310,503	853,360	473,466,194	23,676,630,057

Source: California Municipal Statistics, Inc.

Economic and other factors beyond the District's control, such as general market decline in property values, disruption in financial markets that may reduce availability of financing for purchasers of property, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by the State and local agencies and property used for qualified education, hospital, charitable or religious purposes), or the complete or partial destruction of the taxable property caused by a natural or manmade disaster, such as earthquake, flood or toxic contamination, could cause a reduction in the assessed value of taxable property within the District. Any such reduction would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service with respect to the Bonds. See "THE BONDS – Security and Sources of Payment" herein.

Appeals and Adjustments of Assessed Valuations

Under California law, property owners may apply for a reduction of their property tax assessment by filing a written application, in form prescribed by the State Board of Equalization, with the appropriate county board of equalization or assessment appeals board. County assessors may independently reduce assessed values as well based upon the above factors or reductions in the fair market value of the taxable property. In most cases, an appeal is filed because the applicant believes that present market conditions (such as residential home prices) cause the property to be worth less than its current assessed value. Any reduction in the assessment ultimately granted as a result of such appeal applies to the year for which application is made and during which the written application was filed. Such reductions are subject to yearly reappraisals and may be adjusted back to their original values when market conditions improve. Once the property has regained its prior value, adjusted for inflation, it once again is subject to the annual inflationary factor growth rate allowed under Article XIIIA. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Article XIIIA of the California Constitution" herein.

A second type of assessment appeal involves a challenge to the base year value of an assessed property. Appeals for reduction in the base year value of an assessment, if successful, reduce the assessment for the year in which the appeal is taken and prospectively thereafter. The base year is determined by the completion date of new construction or the date of change of ownership. Any base year appeal must be made within four years of the change of ownership or new construction date.

The District does not have information regarding pending appeals of assessed valuation of property within the District. No assurance can be given that property tax appeals currently pending or in the future will not significantly reduce the assessed valuation of property within the District.

Tax Levies, Collections and Delinquencies

Taxes are levied for each fiscal year on taxable real and personal property which is situated in the District as of the preceding January 1. A supplemental tax is levied when property changes hands or new construction is completed which produces additional revenue.

A 10 percent penalty attaches to any delinquent payment for secured roll taxes. In addition, property on the secured roll with respect to which taxes are delinquent becomes tax-defaulted. Such property may thereafter be redeemed by payment of the delinquent taxes and the delinquency penalty, plus a redemption penalty (i.e., interest) to the time of redemption. If taxes are unpaid for a period of five years or more, the property is subject to auction sale by the County Tax Collector.

In the case of unsecured property taxes, a 10% penalty attaches to delinquent taxes on property on the unsecured roll, and an additional penalty of 1.5% per month begins to accrue beginning November 1 of the fiscal year, and a lien is recorded against the assessee. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the County Clerk specifying certain facts in order to obtain a judgment lien on specific property of the taxpayer; (3) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on specified property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

The following table shows the secured tax charges and delinquencies for taxes collected by the County from property in the District between 2005-06 and 2010-11.

SECURED TAX CHARGES AND DELINQUENCY RATES
Fiscal Years 2005-06 through 2010-11
Acalanes Union High School District

Tax Year	Secured Tax Charge[1]	Amount Delinquent June 30	Percent Delinquent June 30
2005-06	$5,241,860.47	$49,681.38	0.95%
2006-07	5,977,182.26	70,094.70	1.17

Alternative Method of Tax Apportionment

The Board of Supervisors of the County has approved the implementation of the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"), as provided for in Section 4701 *et seq*. of the California Revenue and Taxation Code. The Teeter Plan guarantees distribution of 100% of the general taxes levied to the taxing entities within the County, with the County administering any penalties and interest ultimately collected as prescribed in the California Revenue and Taxation Code. Under the Teeter Plan, the County apportions secured property taxes on a cash basis to local political subdivisions, including the District, for which the County acts as the tax-levying or tax-collecting agency. At the conclusion of each fiscal year, the County distributes 100% of any taxes delinquent as of June 30th to the respective taxing entities.

The Teeter Plan is applicable to all secured tax levies for which the County acts as the tax-levying or tax-collecting agency, or for which the County treasury is the legal depository of the tax collections. As adopted by the County, the Teeter Plan includes Mello-Roos Community Facilities Districts and special assessment districts which provide for accelerated judicial foreclosure of property for which assessments are delinquent.

The *ad valorem* property tax to be levied to pay the interest on and principal of the Bonds will be subject to the Teeter Plan, beginning in the first year of such levy in fiscal year 2011-12. The District will receive 100% of the *ad valorem* property tax levied to pay the Bonds irrespective of actual delinquencies in the collection of the tax by the County.

The Teeter Plan is to remain in effect unless the Board of Supervisors of the County orders its discontinuance or unless, prior to the commencement of any fiscal year of the County (which commences on July 1), the Board of Supervisors receives a petition for its discontinuance joined in by resolutions adopted by at least two-thirds of the participating revenue districts in the County, in which event the Board of Supervisors is to order discontinuance of the Teeter Plan effective at the commencement of the subsequent fiscal year. If the Teeter Plan is discontinued subsequent to its implementation, only those secured property taxes actually collected would be allocated to political subdivisions (including the District) for which the County acts as the tax-levying or tax-collecting agency, but penalties and interest would be credited to the political subdivisions.

Tax Rates

The following table summarizes the total *ad valorem* tax rates levied by all taxing entities in a typical tax rate area within the District from 2006-07 to 2011-12.

SUMMARY OF *AD VALOREM* TAX RATES
Fiscal Years 2006-07 through 2011-12

CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS

The principal of and interest on the Bonds are payable solely from the proceeds of an ad valorem *tax levied by the County for the payment thereof. (See "THE BONDS – Security and Sources of Payment" herein). Articles XIIIA, XIIIB, XIIIC and XIIID of the Constitution, Propositions 98 and 111, and certain other provisions of law discussed below, are included in this section to describe the potential effect of these Constitutional and statutory measures on the ability of the County to levy taxes on behalf of the District and to the District to spend tax proceeds for operating and other purposes, and it should not be inferred from the inclusion of such materials that these laws impose any limitation on the ability of the County to levy taxes for payment of the Bonds. The tax levied by the County for the payment of the Bonds was approved by the District's voters in compliance with Article XIIIA, Article XIIIC, and all applicable laws.*

Article XIIIA of the California Constitution

Article XIIIA ("Article XIIIA") of the State Constitution limits the amount of *ad valorem* taxes on real property to 1% of "full cash value" as determined by the county assessor. Article XIIIA defines "full cash value" to mean "the county assessor's valuation of real property as shown on the 1975-76 bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed or a change in ownership has occurred after the 1975 assessment," subject to exemptions in certain circumstances of property transfer or reconstruction. Determined in this manner, the full cash value is also referred to as the "base year value." The full cash value is subject to annual adjustment to reflect increases, not to exceed 2% for any year, or decreases in the consumer price index or comparable local data, or to reflect reductions in property value caused by damage, destruction or other factors.

Article XIIIA has been amended to allow for temporary reductions of assessed value in instances where the fair market value of real property falls below the adjusted base year value described above. Proposition 8—approved by the voters in November of 1978—provides for the enrollment of the lesser of the base year value or the market value of real property, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property, or other factors causing a similar decline. In these instances, the market value is required to be reviewed annually until the market value exceeds the base year value. Reductions in assessed value could result in a corresponding increase in the annual tax rate levied by the County to pay debt service on the Bonds. See "THE BONDS – Security and Sources of Payment" and "TAX BASE FOR REPAYMENT OF BONDS" herein.

Article XIIIA requires a vote of two-thirds or more of the qualified electorate of a city, county, special district or other public agency to impose special taxes, while totally precluding the imposition of any additional *ad valorem*, sales or transaction tax on real property. Article XIIIA exempts from the 1% tax limitation any taxes above that level required to pay debt service (a) on any indebtedness approved by the voters prior to July 1, 1978, or (b), as the result of an amendment approved by State voters on June 3, 1986, on any bonded indebtedness approved by two-thirds or more of the votes cast by the voters for the acquisition or improvement of real property on or after July 1, 1978, or (c) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% or more of the votes cast on the proposition, but only if certain accountability measures are included in the proposition. The tax for payment of the Bonds falls within the exception described in (b) of the immediately preceding sentence. In addition, Article XIIIA requires the approval of two-thirds of all members of the State legislature to change any state taxes for the purpose of increasing tax revenues.

Legislation Implementing Article XIIIA

Legislation has been enacted and amended a number of times since 1978 to implement Article XIIIA. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the relevant county and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the annual adjustment not to exceed 2% are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years.

All taxable property value included in this Official Statement is shown at 100% of taxable value (unless noted differently) and all tax rates reflect the $1 per $100 of taxable value.

Both the United States Supreme Court and the California State Supreme Court have upheld the general validity of Article XIIIA.

Unitary Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions ("unitary property"). Under the State Constitution, such property is assessed by the State Board of Equalization ("SBE") as part of a "going concern" rather than as individual pieces of real or personal property. State-assessed unitary and certain other property is allocated to the counties by SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

The California electric utility industry has been undergoing significant changes in its structure and in the way in which components of the industry are regulated and owned. Sale of electric generation assets to largely unregulated, nonutility companies may affect how those assets are assessed, and which local agencies are to receive the property taxes. The District is unable to predict the impact of these changes on its utility property tax revenues, or whether legislation may be proposed or adopted in response to industry restructuring, or whether any future litigation may affect ownership of utility assets or the State's methods of assessing utility property and the allocation of assessed value to local taxing agencies, including the District.

So long as the District is not a basic aid district, taxes lost through any reduction in assessed valuation will be compensated by the State as equalization aid under the State's school financing formula. See "GENERAL DISTRICT FINANCIAL INFORMATION – Revenue Sources" herein.

Article XIIIB of the California Constitution

Article XIIIB ("Article XIIIB") of the State Constitution, as subsequently amended by Propositions 98 and 111, respectively, limits the annual appropriations of the State and of any city, county, school district, authority or other political subdivision of the State to the level of appropriations of the particular governmental entity for the prior fiscal year, as adjusted for changes in the cost of living and in population and for transfers in the financial responsibility for providing services and for certain declared emergencies. As amended, Article XIIIB defines:

(a) "change in the cost of living" with respect to school districts to mean the percentage change in California per capita income from the preceding year, and

(b) "change in population" with respect to a school district to mean the percentage change in the average daily attendance of the school district from the preceding fiscal year.

For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986-87 fiscal year adjusted for the changes made from that fiscal year pursuant to the provisions of Article XIIIB, as amended.

The appropriations of an entity of local government subject to Article XIIIB limitations include the proceeds of taxes levied by or for that entity and the proceeds of certain state subventions to that entity. "Proceeds of taxes" include, but are not limited to, all tax revenues and the proceeds to the entity from (a) regulatory licenses, user charges and user fees (but only to the extent that these proceeds exceed the reasonable costs in providing the regulation, product or service), and (b) the investment of tax revenues.

Appropriations subject to limitation do not include (a) refunds of taxes, (b) appropriations for debt service such as the Bonds, (c) appropriations required to comply with certain mandates of the courts or the federal government, (d) appropriations of certain special districts, (e) appropriations for all qualified capital outlay projects as defined by the State legislature, (f) appropriations derived from certain fuel and vehicle taxes and (g) appropriations derived from certain taxes on tobacco products.

Article XIIIB includes a requirement that all revenues received by an entity of government other than the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

Article XIIIB also includes a requirement that 50% of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount permitted to be appropriated during that fiscal year and the fiscal year immediately following it shall be transferred and allocated to the State School Fund pursuant to Section 8.5 of Article XVI of the State Constitution. See "– Propositions 98 and 111" herein.

Article XIIIC and Article XIIID of the California Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the "Right to Vote on Taxes Act." Proposition 218 added to the California Constitution Articles XIIIC and XIIID (respectively, "Article XIIIC" and "Article XIIID"), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the "Title and Summary" of Proposition 218 prepared by the California Attorney General, Proposition 218 limits "the authority of local governments to impose taxes and property-related assessments, fees and charges." Among other things, Article XIIIC establishes that every tax is either a "general tax" (imposed for general governmental purposes) or a "special tax" (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIIIC further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIIIA of the California Constitution and special taxes approved by a two-thirds vote under Article XIIIA, Section 4. Article XIIID deals with assessments and property-related fees and charges, and explicitly provides that nothing in Article XIIIC or XIIID will be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development.

The District does not impose any taxes, assessments, or property-related fees or charges which are subject to the provisions of Proposition 218. It does, however, receive a portion of the basic 1% *ad valorem* property tax levied and collected by the County pursuant to Article XIIIA of the California Constitution. The provisions of Proposition 218 may have an indirect effect on the District, such as by limiting or reducing the revenues otherwise available to other local governments whose boundaries encompass property located within the District thereby causing such local governments to reduce service levels and possibly adversely affecting the value of property within the District.

Proposition 26

On November 2, 2010, voters in the State approved Proposition 26. Proposition 26 amends Article XIIIC of the State Constitution to expand the definition of "tax" to include "any levy, charge, or exaction of any kind imposed by a local government" except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) A fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Propositions 98 and 111

On November 8, 1988, California voters approved Proposition 98, a combined initiative constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). Certain provisions of the Accountability Act have, however, been modified by Proposition 111, discussed below, the provisions of which became effective on July 1, 1990. The Accountability Act changes State funding of public education below the university level and the operation of the State's appropriations limit. The Accountability Act guarantees State funding for K-12 school districts and community college districts (hereinafter referred to collectively as "K-14 school districts") at a level equal to the greater of (a) the same percentage of State general fund revenues as the percentage appropriated to such districts in 1986-87, or (b) the amount actually appropriated to such districts from the State general fund in the previous fiscal year, adjusted for increases in enrollment and changes in the cost of living. The Accountability Act permits the Legislature to suspend this formula for a one-year period.

The Accountability Act also changes how tax revenues in excess of the State appropriations limit are distributed. Any excess State tax revenues up to a specified amount would, instead of being returned to taxpayers, be transferred to K-14 school districts. Any such transfer to K-14 school districts would be excluded from the appropriations limit for K-14 school districts and the K-14 school district appropriations limit for the next year would automatically be increased by the amount of such transfer. These additional moneys would enter the base funding calculation for K-14 school districts for subsequent years, creating further pressure on other portions of the State budget, particularly if revenues decline in a year following an Article XIIIB surplus. The maximum amount of excess tax revenues which could be transferred to K-14 school districts is 4% of the minimum State spending for education mandated by the Accountability Act.

Since the Accountability Act is unclear in some details, there can be no assurances that the Legislature or a court might not interpret the Accountability Act to require a different percentage of State general fund revenues to be allocated to K-14 school districts, or to apply the relevant percentage to the State's budgets in a different way than is proposed in the Governor's Budget.

On June 5, 1990, the voters of California approved Proposition 111 (Senate Constitutional Amendment No. 1) called the "Traffic Congestion Relief and Spending Limititation Act of 1990" ("Proposition 111") which further modified Article XIIIB and Sections 8 and 8.5 of Article XVI of the State Constitution with respect to appropriations limitations and school funding priority and allocation.

The most significant provisions of Proposition 111 are summarized as follows:

a. Annual Adjustments to Spending Limit. The annual adjustments to the Article XIIIB spending limit were liberalized to be more closely linked to the rate of economic growth. Instead of being tied to the Consumer Price Index, the "change in the cost of living" is now measured by the change in California per capita personal income. The definition of "change in population" specifies that a portion of the State's spending limit is to be adjusted to reflect changes in school attendance.

b. Treatment of Excess Tax Revenues. "Excess" tax revenues with respect to Article XIIIB are now determined based on a two-year cycle, so that the State can avoid having to return to taxpayers excess tax revenues in one year if its appropriations in the next fiscal year are under its limit. In addition, the Proposition 98 provision regarding excess tax revenues was modified. After any two-year period, if there are excess State tax revenues, 50% of the excess are to be transferred to K-14 school districts with the balance returned to taxpayers; under prior law, 100% of excess State tax revenues went to K-14 school districts, but only up to a maximum of 4% of the schools' minimum funding level. Also, reversing prior law, any excess State tax revenues transferred to K-14 school districts are not built into the school districts' base expenditures for calculating their entitlement for State aid in the next year, and the State's appropriations limit is not to be increased by this amount.

c. Exclusions from Spending Limit. Two exceptions were added to the calculation of appropriations which are subject to the Article XIIIB spending limit. First, there are excluded all appropriations for "qualified capital outlay projects" as defined by the Legislature. Second, there are excluded any increases in gasoline taxes above the 1990 level (then nine cents per gallon), sales and use taxes on such increment in gasoline taxes, and increases in receipts from vehicle weight fees above the levels in effect on January 1, 1990. These latter provisions were necessary to make effective the transportation funding package approved by the Legislature and the Governor, which was expected to raise over $15 billion in additional taxes from 1990 through 2000 to fund transportation programs.

d. Recalculation of Appropriations Limit. The Article XIIIB appropriations limit for each unit of government, including the State, is to be recalculated beginning in fiscal year 1990-91. It is based on the actual limit for fiscal year 1986-87, adjusted forward to 1990-91 as if Proposition 111 had been in effect.

e. School Funding Guarantee. There is a complex adjustment in the formula enacted in Proposition 98 which guarantees K-14 school districts a certain amount of State general fund revenues. Under prior law, K-14 school districts were guaranteed the greater of (1) 40.9% of State general fund revenues (the "first test") or (2) the amount appropriated in the prior year adjusted for changes in the cost of living (measured as in Article XIIIB by reference to per capita personal income) and enrollment (the "second test"). Under Proposition 111, schools will receive the greater of (1) the first test, (2) the second test, or (3) a third test, which will replace the second test in any year when growth in per capita State general fund revenues from the prior year is less than the annual growth in California per capita personal income. Under the third test, schools will receive the amount appropriated in the prior year adjusted for change in enrollment and per capita State general fund revenues, plus an additional small adjustment factor. If the third test is used in any year, the difference between the third test and the second test will become a "credit" to schools which will be paid in future years when State general fund revenue growth exceeds personal income growth.

Proposition 39

On November 7, 2000, California voters approved an amendment (commonly known as Proposition 39) to the California Constitution. This amendment (1) allows school facilities bond measures to be approved by 55% (rather than two-thirds) of the voters in local elections and permits property taxes to exceed the current 1% limit in order to repay the bonds and (2) changes existing statutory law regarding charter school facilities. As adopted, the constitutional amendments may be changed only with another Statewide vote of the people. The statutory provisions could be changed by a majority vote of both houses of the Legislature and approval by the Governor, but only to further the purposes of the proposition. The local school jurisdictions affected by this proposition are K-12 school districts, including the District, community college districts, and county offices of education. As noted above, the California Constitution previously limited property taxes to 1% of the value of property. Property taxes may only exceed this limit to pay for (1) any local government debts approved by the voters prior to July 1, 1978 or (2) bonds to acquire or improve real property that receive two-thirds voter approval after July 1, 1978.

The 55% vote requirement would apply only if the local bond measure presented to the voters includes: (1) a requirement that the bond funds can be used only for construction, rehabilitation, equipping of school facilities, or the acquisition or lease of real property for school facilities; (2) a specific list of school projects to be funded and certification that the school board has evaluated safety, class size reduction, and information technology needs in developing the list; and (3) a requirement that the school board conduct annual, independent financial and performance audits until all bond funds have been spent to ensure that the bond funds have been used only for the projects listed in the measure. Legislation approved in June 2000 placed certain limitations on local school bonds to be approved by 55% of the voters. These provisions require that the tax rate per $100,000 of taxable property value projected to be levied as the result of any single election be no more than $60 (for a unified school district), $30 (for a high school or elementary school district), or $25 (for a community college district) when assessed valuation is projected to increase in accordance with Article XIIIA of the Constitution. These requirements are not part of Proposition 39 and can be changed with a majority vote of both houses of the Legislature and approval by the Governor.

Jarvis v. Connell

On May 29, 2002, the California Court of Appeal for the Second District decided the case of Howard Jarvis Taxpayers Association, et al. v. Kathleen Connell (as Controller of the State of California). The Court of Appeal held that either a final budget bill, an emergency appropriation, a self-executing authorization pursuant to state statutes (such as continuing appropriations) or the California Constitution or a federal mandate is necessary for the State Controller to disburse funds. The foregoing requirement could apply to amounts budgeted by the District as being received from the State. To the extent the holding in such case would apply to State payments reflected in the District's budget, the requirement that there be either a final budget bill or an emergency appropriation may result in the delay of such payments to the District if such required legislative action is delayed, unless the payments are self-executing authorizations or are subject to a federal mandate. On May 1, 2003, the California Supreme Court upheld the holding of the Court of Appeal, stating that the Controller is not authorized under State law to disburse funds prior to the enactment of a budget or other proper appropriation, but under federal law, the Controller is required, notwithstanding a budget impasse and the limitations imposed by State law, to timely pay those State employees who are subject to the minimum wage and overtime compensation provisions of the federal Fair Labor Standards Act.

Proposition 1A and Proposition 22

On November 2, 2004, California voters approved Proposition 1A, which amends the State constitution to significantly reduce the State's authority over major local government revenue sources. Under Proposition 1A, the State can not (i) reduce local sales tax rates or alter the method of allocating the revenue generated by such taxes, (ii) shift property taxes from local governments to schools or community colleges, (iii) change how property tax revenues are shared among local governments without two-third approval of both houses of the State Legislature or (iv) decrease Vehicle License Fee revenues without providing local governments with equal replacement funding. Proposition 1A does allow the State to approve voluntary exchanges of local sales tax and property tax revenues among local governments within a county. Proposition 1A also amends the State Constitution to require the State to suspend certain State laws creating mandates in any year that the State does not fully reimburse local governments for their costs to comply with the mandates. This provision does not apply to mandates relating to schools or community colleges or to those mandates relating to employee rights.

Proposition 22, The Local Taxpayer, Public Safety, and Transportation Protection Act, approved by the voters of the State on November 2, 2010, prohibits the State from enacting new laws that require redevelopment agencies to shift funds to schools or other agencies and eliminates the State's authority to shift property taxes temporarily during a severe financial hardship of the State. In addition, Proposition 22 restricts the State's authority to use State fuel tax revenues to pay debt service on state transportation bonds, to borrow or change the distribution of state fuel tax revenues, and to use vehicle license fee revenues to reimburse local governments for state mandated costs. Proposition 22 impacts resources in the State's general fund and transportation funds, the State's main funding source for schools and community colleges, as well as universities, prisons and health and social services programs. According to an analysis of Proposition 22 submitted by the Legislative Analyst's Office (the "LAO") on July 15, 2010, the expected reduction in resources available for the State to spend on these other programs as a consequence of the passage of Proposition 22 will be approximately $1 billion in fiscal year 2010-11, with an estimated immediate fiscal effect equal to approximately 1 percent of the State's total general fund spending. The longer-term effect of Proposition 22, according to the LAO analysis, will be an increase in the State's general fund costs by approximately $1 billion annually for several decades.

On December 30, 2011, the California Supreme Court issued its decision in the case of *California Redevelopment Association v. Matosantos*, finding ABx1 26, a trailer bill to the 2011-12 State budget, to be constitutional. As a result, all redevelopment agencies in California will be dissolved as of February 1, 2012, and all net tax increment revenues, after payment of redevelopment bonds debt service and administrative costs, will be distributed to cities, counties, special districts and school districts. The Court also found that ABx1 27, a companion bill to ABx1 26, violated the California Constitution, as amended by Proposition 22. ABx1 27 would have permitted redevelopment agencies to continue operations provided their establishing cities or counties agreed to make specified payments to school districts and county offices of education, totaling $1.7 billion statewide. The District can make no representations regarding what affect the implementation of ABx1 26 will have on the District's future receipt of tax increment revenues.

State Cash Management Legislation

Since 2002, the State has engaged in the practice of deferring certain apportionments to school districts in order to manage the State's cash flow. This practice has included deferring certain apportionments from one fiscal year to the next. These "cross-year" deferrals have been codified and are expected to be on-going. Legislation enacted with respect to fiscal year 2011-12 provides for additional inter-fiscal year deferrals.

On March 24, 2011, the Governor signed into law Senate Bill 82 ("SB 82"), which extended into fiscal year 2011-12 provisions of existing law designed to effectively manage the State's cash resources. SB 82 authorizes the deferral of State apportionments during fiscal year 2011-12, as follows: (i) $700 million from July 2011 to September 2011, (ii) $700 million from July 2011 to January 2012, (iii) $1.4 billion from August 2011 to January 2012, (iv) $2.4 billion from October 2011 to January 2012, and (v) $1.4 billion from March 2012 to April 2012. Collectively, these deferrals are referred to as the "Cash Management Deferrals." SB 82 required the State Department of Education was required to certify to school districts no later than April 15, 2011 which of the 2011-12 Cash Management Deferrals will be implemented, and in what amounts. On April 15, 2011, the Department of Education released a projected scheduled of State apportionments showing that all of the 2011-12 Cash Management Deferrals would be implemented. SB 82 provides for an exemption to the Cash Management Deferrals for a school district that would be unable to meet its expenditure obligations if its State apportionments are delayed. The District, however, did not apply for or receive exemption from any of the Cash Management Deferrals.

In the event any of the Cash Management Deferrals are implemented, SB 82 requires that the State Controller, State Treasurer and State Director of Finance review, as necessary but no less than monthly, the actual State general fund cash receipts and disbursements in comparison to the Governor's most recent revenue and expenditure projections. If the Controller, Treasurer and Director of Finance determine that sufficient cash is available to pay the State apportionments being deferred while maintaining a prudent cash reserve, such State apportionments are required to be paid as soon as feasible.

Future Initiatives

Article XIIIA, Article XIIIB, Article XIIIC and Article XIIID of the California Constitution and Propositions 26, 98 and 111 were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted further affecting District revenues or the District's ability to expend revenues. The nature and impact of these measures cannot be anticipated by the District.

State Budget Measures

The following information concerning the State's budgets has been obtained from publicly available information which the District believes to be reliable; however, the District does not guaranty the accuracy or completeness of this information and has not independently verified such information. Furthermore, it should not be inferred from the inclusion of this information herein that the principal of or interest on the Bonds is payable solely from the general fund of the District. The Bonds are payable solely from the proceeds of an ad valorem tax required to be levied by the County in an amount sufficient for the payment thereof.

Senate Bill 70. On March 24, 2011, the Governor signed into law Senate Bill 70 ("SB 70"), which implements several provisions included in the Governor's proposed budget for fiscal year 2011-12. Significant features of SB 70 relating to the funding of school districts include the following:

- For fiscal year 2011-12, SB 70 increases the revenue limit deficit factor for county offices of education and school districts to 19.892% and 19.608 %, respectively.

- SB 70 extends, for an additional two fiscal years, existing flexibility options available to school districts relating to deferred maintenance contributions, use of surplus proceeds from the sale of real property, general fund reserve requirements, categorical program funding expenditures, reduction of instructional minutes, Class Size Reduction Program penalties, and the implementation of new State instructional materials.

- SB 70 establishes a zero percent cost of living adjustment for K-12 programmatic funding for fiscal year 2011-12.

- SB 70 authorizes three new cross-fiscal year deferrals of State apportionments, as follows: (1) $1.3 billion from March to August, (2) $763,794,000 from April to August, and (3) $500 million from June to July. SB 70 also extends the existing April-to-July deferral to September and the existing May-to-July deferral to September. These deferrals are in addition to existing inter-fiscal year deferrals applicable to fiscal year 2011-12. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – State Cash Management Legislation" herein.

- SB 70 extends eligibility for supplemental categorical block grants to charter schools that begin operations in fiscal year 2011-12. SB 70 also appropriates $5 million from the State general fund to the Charter School Revolving Loan Fund.

- SB 70 authorizes the State Director of Finance to adjust the State's Proposition 98 calculation to ensure that any shift in property taxes previously received by redevelopment agencies does not affect the State's minimum funding obligations under Proposition 98.

- SB 70 implements a reduction to categorical funding for basic aid school districts in proportion to the revenue limit funding reductions experienced by non-basic aid school districts in fiscal years 2008-09 and 2009-10. SB 70 declares the State legislature's intent to restore this categorical funding at the same time as such revenue limit funding reductions are restored.

The full text of SB 70 is available at http://www.leginfo.ca.gov/bilinfo. However, such information is not incorporated herein by any reference.

2011-12 Budget. The 2011-12 Budget Act (the "2011-12 Budget") was signed into law by the Governor on June 30, 2011. The Department of Finance has released its summary of the 2011-12 Budget (the "Department of Finance Report"). The following information is drawn from the Department of Finance Report.

The 2011-12 Budget seeks to close the $26.6 billion deficit identified in the Governor's May revision to the proposed budget for fiscal year 2011-12 (the "May Revision") through a combination of measures totaling $27.2 billion. Specifically, the 2011-12 Budget includes $15 billion of expenditure reductions, $900 million of targeted revenue increases, $2.9 billion of other measures and a positive adjustment to the State's revenue outlook totaling $8.3 billion.

The 2011-12 Budget reports that the State economy has continued to improve, with tax collections approximately $1.2 billion above the amounts projected by the May Revision. As a result, the 2011-12 Budget projects an additional $4 billion in revenues during fiscal year 2011-12. Although the 2011-12 Budget does not include any of the Governor's proposed tax extensions, the administration states that it plans to seek voter approval of a ballot measure, by November of 2012, which would protect public safety realignment and supplement the State's revenues.

With the implementation of all measures, the 2011-12 Budget assumes, for fiscal year 2010-11, year-end revenues of $94.8 billion and expenditures of $91.5 billion. The 2011-12 Budget also assumes the State ended fiscal year 2010-11 with a budget deficit of $2 billion. For fiscal year 2011-12, the 2011-12 Budget projects total revenues of $88.5 billion and authorizes total expenditures of $85.9 billion. The 2011-12 Budget projects that the State will end fiscal year 2011-12 with a $543 million surplus.

The 2011-12 Budget also includes a series of "trigger" reductions that are authorized to be implemented in the event the State's revenues are less than forecasted. The first series of reductions, totaling approximately $600 million, would be implemented by January of 2012 if State revenues fall short of projections by more than $1 billion. If by January of 2012 revenues are projected to fall short by more than $2 billion, a second series of reductions totaling approximately $1.9 billion would be implemented, of which $1.8 billion relates to K-12 revenue limit funding and home-to-school transportation.

As part of the second series of such trigger reductions, the 2011-12 Budget authorizes a reduction of $1.5 billion to school district revenue limit funding, and a corresponding reduction to the State-mandated length the school year by seven days. In the event this reduction is implemented, school districts would be permitted to collectively bargain for a shorter school year or accommodate the revenue limit reduction through other means.

Total Proposition 98 funding is decreased in fiscal year 2011-12 to $48.7 billion, including $32.8 billion from the State general fund, which reflects a decrease from the prior year of $1.1 billion. This decrease is a net figure reflective of all budgetary actions taken with respect to the State's share of Proposition 98 funding, including increases in baseline revenues, redirection of certain sales tax revenues related to the realignment of public safety programs, and the rebenching of the Proposition 98 minimum funding guarantee (discussed below).

The 2011-12 Budget rebenches the Proposition 98 minimum funding guarantee to account for the following: (i) an increase of $221.8 million, as part of the realignment of public programs from the State to local governments, to fund the delivery of certain mental health services by school districts, (ii) an increase of $578.1 million to backfill general fund revenues lost from the suspension of sales and excise taxes on motor vehicle fuels, and (iii) a decrease of $1.1 billion to reflect the exclusion of most child care programs from Proposition 98. The minimum funding guarantee was also rebenched to account for a $1.7 billion decrease in State general fund revenues as a result of ABx1 27, a companion bill to the 2011-12 Budget. ABx1 27 authorized redevelopment agencies to continue operations provided their establishing cities or counties agree to make a specified payment to school districts and county offices of education, which totals $1.7 billion statewide. Pursuant to ABx1 26 (another companion bill to the 2011-12 Budget), redevelopment agencies whose establishing cities or counties elect not to make such payments will be required to shut down, and any net tax increment revenues, after payment of redevelopment bonds debt service and administrative costs, will be distributed to cities, counties, special districts and school districts. Following litigation challenging the constitutionality of both ABx1 26 and ABx1 27, the Supreme Court of California invalidated the provisions of ABx1 27. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 1A and Proposition 22" herein.

The 2011-12 Budget also makes a significant, one-time modification to State budgeting requirements under A.B. 1200 (see "GENERAL SCHOOL DISTRICT FINANCIAL INFORMATION – Budget Process" herein). School districts will be required to project the same level of revenue per student in 2011-12 as in 2010-11, as well as maintain staffing and program levels commensurate with such level of funding. A related provision of 2011-12 Budget provides that school districts will only be required to budget for the current year, and will not be required to demonstrate that they can meet their financial obligations for the subsequent two fiscal years (2012-13 and 2013-14).

The 2011-12 Budget also implements other significant measures with respect to K-12 education funding, as follows:

- *Apportionment Deferral.* An additional deferral of $1.2 billion in education spending in order to maintain programmatic funding at the fiscal year 2010-11 level.

- *Part-Day Preschool.* A decrease of $62.3 million to reflect a reduction of income eligibility levels to 70% of the State Median Income, and across-the-board reductions to provider contracts.

- *Charter Schools.* $11 million in supplemental categorical funding to charter schools that begin operations between 2008-09 and 2011-12.

- *Clean Technology and Renewable Energy Training.* $3.2 million of increased funding for clean technology and renewable energy job training, career technical education and the Dropout Prevention Program, each of which is designed to provide at-risk high school students with occupational training in areas such as conservation, renewable energy and pollution reduction.

- *Child Care and Development.* A decrease of $180.4 million to child care and development programs, including reductions to license-exempt provider rates, reductions of income eligibility levels to 70% of the State Median Income, and across-the-board reductions to provider contracts.

- *CALTIDES.* A decrease of $2.1 million to reflect elimination of funding for the California Longitudinal Teacher Integrated Data System (CALTIDES). Although the CALTIDES program was intended to provide a central State information depository regarding the teaching workforce, the 2011-12 Budget indicates the program is not a critical need.

- *Office of the Secretary of Education.* The 2011-12 Budget projects a budget savings of $1.6 million through the elimination of the Office of the Secretary of Education.

Additional information regarding the 2011-12 Budget is available from the Department of Finance's website: www.dof.ca.gov. However, such information is not incorporated herein by any reference.

Recent Litigation Regarding State Budgetary Provisions. On September 28, 2011, the California School Boards Association, the Association of California School Administrators, the Los Angeles Unified School District, the San Francisco Unified School District and the Turlock Unified School District filed a petition for a writ of mandate in the Superior Court of the State of California in and for the County of San Francisco (the "CSBA Petition"). The petitioners allege that the 2011-12 Budget improperly diverted sales tax revenues away from the State general fund, resulting in a reduction to the minimum funding guarantee of approximately $2.1 billion. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – State Budget Measures – 2011-12 Budget." The CSBA Petition seeks an order from the Court compelling the State Director of Finance, Superintendent of Public Instruction and the State Controller to recalculate the minimum funding guarantee in accordance with the provisions of the California Constitution.

The District makes no representations regarding the viability of the claims in the CSBA Petition, nor, with respect to the CSBA Petition, can the District predict whether the petitioners will be successful. Moreover, the District makes no representations as to how a final decisions by the Superior Court would affect the State's ability to fund education in fiscal year 2011-12, or in future fiscal years.

Fiscal Outlook Report. On November 16, 2011, the LAO released a report entitled "The 2012-13 Budget: California's Fiscal Outlook" (the "Fiscal Outlook Report"), which includes updated expenditure and revenue projections for fiscal year 2011-12. The following information has been adapted from the Fiscal Outlook Report.

The Fiscal Outlook Report provides the LAO's projections of the State's General Fund revenues and expenditures for fiscal years 2011-12 through 2016-17 under current law, absent any actions to close the projected State budgetary deficit, as further discussed below. The LAO's projections primarily reflect current-law spending requirements and tax provisions, while relying on the LAO's independent assessment of the outlook for the State's economy, demographics, revenues, and expenditures.

The LAO currently forecasts total State revenues of $84.8 billion, approximately $3.7 billion less than the $88.5 billion figure included in the 2011-12 Budget. The LAO also forecasts total expenditures of $85.3 billion, slightly below the $85.9 billion included in the 2011-12 Budget. Absent corrective action, the LAO estimates that the State will face a projected year-end deficit of approximately $3 billion, as compared to the $543 million year-end surplus assumed by the 2011-12 Budget.

The LAO's estimates with respect to fiscal year 2011-12 are informed in part by the following:

- As a result of the revised revenue forecast, the LAO assumes the implementation of $2 billion in midyear "trigger" reductions, as required by the 2011-12 Budget. This includes the implementation of all first tier trigger reductions, totaling $600 million. The LAO also assumes the implementation of approximately $1.4 billion of second tier trigger reductions, including a $248 million reduction in home-to-school transportation funding, a $72 million reduction to community college apportionments, and a $1.1 billion reduction to K-12 revenue limit funding. The reduction to revenue limit funding reflects a pro-rated implementation of the second tier trigger reductions, based on the

LAO's revenue forecast. The final extent of the reductions are determined upon the release of the Department of Finance's December 2011 revenue forecast. See "—Department of Finance Revenue Forecast" herein.

- The LAO's forecast generally assumes that the State will prevail in current, on-going litigation regarding certain provisions of the 2011-12 Budget. See "—Recent Litigation Regarding State Budgetary Provisions" above. However, the LAO assumes that the State will only realize $1.4 billion of additional general fund revenues from the elimination of redevelopment agencies, rather than the $1.7 billion figure included in the 2011-12 Budget.

- The Fiscal Outlook Report does not assume the passage of the Governor's proposed tax extensions at the November 2012 election. The LAO notes that, under the provisions of the 2011-12 Budget, if no such ballot measure is passed, the State would be required to provide an additional $2 billion of settle-up payments to K-12 education, reflecting a like increase to the Proposition 98 minimum funding guarantee for fiscal year 2011-12.

- The LAO also assumes (i) higher Medi-Cal costs of approximately $400 million, and (ii) that the State will be unable to reduce departmental costs by $250 million, as projected by the 2011-12 Budget.

Additional information regarding the Fiscal Outlook Report may be obtained from the LAO at www.lao.ca.gov. However, such information is not incorporated herein by any reference.

Department of Finance Revenue Forecast. On December 13, 2011, the Department of Finance released its revised revenue forecast for fiscal year 2011-12. The Department of Finance currently estimates total State revenues of $86.2 billion, or approximately $2.2 billion lower than the total revenues projected by the 2011-12 Budget. As such, the State Director of Finance implemented most of the first tier trigger reductions, totaling $581 million, including reductions to community college apportionments ($30 million) and Proposition 98 funding for child care ($5.9 million). The Director of Finance also implemented the second tier trigger reductions to community college apportionments ($72 million), and home-to-school transportation funding ($248 million). Significantly, the Director of Finance elected not to implement the bulk of the $1.5 billion second tier reduction to school district revenue limit funding, limiting it to $79.6 million. As a result of the trigger reductions, the District's funding will be reduced by approximately $130,000.

Additional information regarding the Department of Finance's revenue forecast may be obtained at www.dof.ca.gov. However, such information is not incorporated herein by any reference.

Proposed 2012-13 Budget. On January 5, 2012, the Governor released his proposed State budget for fiscal year 2012-13 (the "Proposed Budget"). On January 11, 2012, the LAO released its summary of the Proposed Budget. The following information is drawn from the LAO's summary.

The Proposed Budget estimates that, absent corrective action, the State will end 2011-12 with a total deficit of $4.1 billion. For fiscal year 2012-13, the Proposed Budget projects that State expenditures will exceed baseline revenues by approximately $5.1 billion, bringing the total deficit to $9.2 billion.

To bridge the gap, the Proposed Budget includes $10 billion of proposed measures affecting both fiscal years 2011-12 and 2012-13. These measures include $4 billion of expenditure reductions, $4.6 billion of revenue increases, and $1.4 billion of other solutions. With the implementation of all measures, the Proposed Budget assumes, for fiscal year 2011-12, year-end revenues of $85.5 billion and expenditures of $86.5 billion. The State is also projected to end fiscal year 2011-12 with a budget deficit of $1.7 billion. For fiscal year 2012-13, the Proposed Budget projects total available revenues of $94.4 billion and would authorize total expenditures of $92.6 billion. The State is also projected to end the year with a $1.1 billion reserve. As with the 2011-12 Budget, the Proposed Budget assumes an accelerated approval process with a target date of March 1 for the Legislature to approve some or all of the Governor's proposals.

The LAO notes that the cornerstone of the Proposed Budget is voter approval of temporary tax increases at the November 2012 election. The Governor proposes to increase personal income tax ("PIT") rates on the State's wealthiest taxpayers by 1%, 1.5% or 2%, depending on filing status and total income, as well as temporary increase of the State sales and use tax by 0.5%. These tax increases are projected to generate an additional $2.2 billion in fiscal year 2011-12 and $4.7 billion in fiscal year 2012-13.

The Proposed Budget would also authorize $5.4 billion in trigger cuts, to be implemented if these proposed tax increases are rejected by the voters. The trigger cuts include (i) a total reduction to the Proposition 98 minimum funding guarantee of $4.8 billion (including $2.4 billion in programmatic funding), (ii) a $200 million reduction to each of the University of California and California State University systems, (iii) a $125 million reduction to State courts, (iv) a $15 million reduction to the Department of Forestry and Fire Protection, (v) a $7 million reduction to Department of Water Resources flood control programs, (vi) a $1 million reduction to Department of Justice law enforcement programs, and (vii) unallocated reductions to the Department of Fish and Game ($4 million) and Department of Parks and Recreation ($2 million). If implemented, these cuts would become effective as of January 1, 2013.

Assuming the passage of the Governor's tax proposals, the Proposition 98 minimum funding guarantee for fiscal year 2011-12 would be set at $47.6 billion, including $32.6 billion from the State general fund. For fiscal year 2012-13, the Proposed Budget would set total Proposition 98 funding at $52.5 billion, including $37.5 billion from the State general fund. This would represent a net increase of $4.9 billion (or 10%) from the prior year.

To arrive at these funding levels, the Proposed Budget makes a permanent adjustment, or "rebenching," to the Proposition 98 minimum funding guarantee to reflect a $1 billion increase in local property taxes resulting from the elimination of redevelopment agencies pursuant to ABx1 26. These increased property taxes would offset State general fund expenditures on K-14 education. The minimum funding guarantee would also be decreased by $544 million, primarily by reversing the existing policy that holds the minimum funding guarantee harmless from the elimination of the sales tax on gasoline.

Significant features of the Proposed Budget as it relates to the funding of education include the following:

- *Cost-of-Living Adjustment.* The Proposed Budget would not provide a cost-of-living adjustment for any K-14 program during fiscal year 2012-13.

- *Apportionment Deferral Reduction.* Proposition 98 funding would be increased by $2.2 billion during fiscal year 2012-13 to restore K-12 State apportionments that are currently subject to a deferral. The Proposed Budget indicates this funding is contingent on the passage of the Governor's proposed tax increases.

- *Categorical Program Flexibility; Weighted Per-Pupil Funding*. To assist with local budget constraints, the Proposed Budget would suspend educational requirements for almost all categorical programs, essentially phasing out most existing categorical programs beginning in 2012-13 (except for certain federally required programs such as special education and child nutrition). The Proposed Budget would also replace the existing revenue limit and categorical program funding models with a single, weighted pupil funding formula, to be phased in over the next five fiscal years. Under this new funding model, school districts would receive an equal base per-pupil amount, plus additional general purpose funding intended to serve disadvantaged students. Schools districts and charter schools with larger disadvantaged student populations would receive supplemental funding. A performance component would also be added, to provide fiscal incentives for school districts to improve or sustain academic performance. School districts would have local discretion in deciding how to spend weighted per-pupil funding.

- *Child Care.* The Proposed Budget would reduce funding for subsidized child care programs by approximately $450 million, representing a reduction of approximately 30%. The bulk of this reduction (approximately $300 million), would be implemented by reducing eligibility to families that meet certain work participation requirements. Reductions to child care funding are part of the Proposed Budget's overall plan to restructure the CalWORKs program and reduce State general fund support for this program by approximately $1.4 billion.

- *K-14 Mandates.* The Proposed Budget also includes a proposal to eliminate 31 of 57 existing K-14 educational mandates. The remaining 26 educational mandates would be suspended, though school districts and community college districts could undertake the activities required by these remaining mandates in exchange for additional funding. Such additional funding would be provided through a new $200 million block grant, composed of $178 million in funding for school districts and $22 million for community college districts. Districts that choose to receive this funding would receive a per-student allocation. The Proposed Budget indicates that an auditing and compliance process will be established to ensure grant recipients undertake the required activities.

- *Non-implementation of Transition Kindergarten Program*. The Proposed Budget would eliminate the requirement that school districts provide an additional year of education to children that miss the new, September 1 cutoff for enrollment in kindergarten. As a result, the Proposed Budget assumes a savings of $224 million in fiscal year 2012-13, growing to approximately $675 million by 2014-15.

The LAO indicates that several of the Governor's proposals have merit, particularly the increased categorical program flexibility, weighted per-pupil funding, and the non-implementation of the transitional kindergarten program. However, the LAO expresses concern regarding several features of the Proposed Budget. The LAO notes that the Proposed Budget's baseline revenue projections are higher than those calculated by the LAO as part of its November 2011 revenue forecast. See "—Fiscal Outlook Report" above. Specifically, the Proposed Budget projects $1.5 billion more of such revenues in 2011-12, and $3.2 billion more in 2012-13. The LAO indicates that this variance is due largely to differences in how the LAO and the Department of Finance project PIT collections from high-income taxpayers. Accordingly, the LAO indicates that the Proposed Budget may overstate growth in State revenues in future years, including the projected revenue growth that would result from the Governor's proposed tax increases. With respect to fiscal year 2012-13, the LAO projects that these proposed tax increases would generate $2.1 billion less than what is assumed by the Proposed Budget.

The LAO also expresses concerns regarding the uncertainty generated by the proposed trigger cuts to education funding. The LAO notes that school districts and community college districts have limited ability to downsize operations midyear, and as such would likely be unable to beat the brunt of the proposed trigger reductions. Districts will therefore be compelled to adopt budgets that assume the trigger reductions are implemented, resulting in the overall programmatic reductions the Proposed Budget seeks to avoid.

Additional information regarding the Proposed Budget is available from the LAO's website: www.lao.ca.gov. However, such information is not incorporated herein by any reference.

Future Actions. The District cannot predict what actions will be taken in the future by the State legislature and the Governor to address changing State revenues and expenditures. The District also cannot predict the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors over which the District will have no control. Certain actions or results could produce a significant shortfall of revenue and cash, and could consequently impair the State's ability to fund schools. Continued State budget shortfalls in future fiscal years may also have an adverse financial impact on the financial condition of the District.

GENERAL DISTRICT FINANCIAL INFORMATION

The information in this section concerning the State funding of public education is provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from State revenues. The Bonds are payable solely from the proceeds of an ad valorem *tax which is required to be levied by the County in an amount sufficient for the payment thereof.*

State Funding of Education

Most California school districts receive a significant portion of their funding from State appropriations. As a result, changes in State revenues may affect appropriations made by the Legislature to school districts.

Annual State apportionments of basic and equalization aid to school districts are computed based on a revenue limit per unit of average daily attendance ("A.D.A."). Prior to fiscal year 1998-99, daily attendance numbers included students who were absent from school for an excused absence, such as illness. Effective in fiscal year 1998-99, only actual attendance is be counted in A.D.A.

This change was essentially fiscally neutral for school districts which maintained the same excused absence rate. The rate per student was recalculated to provide the same total funding to school districts in the base year as would have been received under the old system. Currently, school districts which can improve their actual attendance rate will receive additional funding.

Generally, these apportionments of basic and equalization aid amount to the difference between a district's revenue limit and its property tax allocation. The revenue limit calculations are adjusted annually in accordance with a number of factors designed primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type.

The following table shows the average daily attendance and base revenue limit per A.D.A. for the District for the last six years, as well projections for fiscal years 2011-12 through 2012-13.

AVERAGE DAILY ATTENDANCE AND REVENUE LIMIT
Fiscal Years 2005-06 through 2012-13
Acalanes Union High School District

Year	Average Daily Attendance[1]	Base Revenue Limit per ADA[2]	Funded Base Revenue Limit per ADA[2]
2005-06	5,671	5,920	5,867
2006-07	5,603	6,379	6,379
2007-08	5,673	6,669	6,669
2008-09	5,475	7,049	6,496
2009-10	5,413	7,349	6,000
2010-11	5,353	7,320	6,005
2011-12*	5,174	7,484	5,991
2012-13*	5,154	7,724	6,414

(1) Based on Second Period Report.
(2) The State's practice of deficit revenue limit funding, which reduced the amount of revenue limit funds received by school districts, was eliminated effective in fiscal year 2000-01, reinstated beginning in fiscal year 2003-04, eliminated again effective in fiscal year 2006-07, and reinstated again in fiscal year 2008-09.
* Projected.

Revenue Sources

Major revenue sources of the District are described below.

Revenue Limit Sources

Since fiscal year 1973-74, California school districts have operated under general purpose revenue limits established by the State Legislature. In general, revenue limits are calculated for each school district by multiplying the A.D.A. for such district by a base revenue limit per unit of A.D.A. The revenue limit calculations are adjusted annually in accordance with a number of factors designated primarily to provide cost of living increases and to equalize revenues among all California school districts of the same type.

Funding of the District's revenue limit is provided by a mix of local property taxes and State apportionments of basic and equalization aid. Generally, the State apportionments will amount to the difference between the District's revenue limit and its local property tax revenues.

Certain schools districts, known as "basic aid" districts, have local property tax collections of such a large magnitude that, when compared to the district's total revenue limit, result in the receipt of the minimum State aid of $120 per pupil. This amount is defined in the State's constitution as basic aid. The implication for basic aid districts is that the legislatively determined annual cost of living adjustment and other politically determined factors are less significant in determining their primary funding sources. Rather, property tax growth and the local economy are the primary determinants. The District is not a basic aid district.

Beginning in 1978-79, Proposition 13 and its implementing legislation provided for each county to levy (except for levies to support prior voter-approved indebtedness) and collect all property taxes, and prescribed how levies on county-wide property values are to be shared with local taxing entities within each county.

The revenue limit sources constituted approximately 67.9% of general fund revenues in fiscal year 2007-08, 66.0% of such revenues in fiscal year 2008-09, 61.1% of such revenues in fiscal year 2009-10 , approximately 57.6% of such revenues in fiscal year 2010-11, and is projected to equal 58.7% of such revenues in fiscal year 2011-12.

Federal Revenues

The federal government provides funding for several District programs, including special education programs, programs under the Educational Consolidation and Improvement Act, and specialized programs such as Drug Free Schools, Education for Economic Security, and the free and reduced lunch program. The federal revenues, most of which are restricted, constituted approximately 1.4% of general fund revenues in fiscal year 2007-08, 4.8% of such revenues in fiscal year 2008-09, 4.0% of such revenues in fiscal year 2009-10, approximately 3.5% of such revenues in fiscal year 2010-11, and is projected to equal 3.4% of such revenues in fiscal year 2011-12.

Other State Revenues

As discussed above, the District receives State apportionment of basic and equalization aid in an amount equal to the difference between the District's revenue limit and its property tax revenues. In addition to such apportionment revenue, the District receives substantial other State revenues. These other State revenues are primarily restricted revenues funding items such as the Class Size Reduction Program, Educational Technology Assistance Grants, mandated cost reimbursements and instructional materials, among others. Other State revenues constituted approximately 6.9% of general fund revenues in fiscal year 2007-08, 4.8% of such revenues in fiscal year 2008-09, 8.6% of such revenues in fiscal year 2009-10, approximately 8.1% of such revenues in fiscal year 2010-11, and is projected to equal 7.4% of such revenues in fiscal year 2011-12.

State Lottery. In the November 1984 general election, the voters of the State approved a constitutional amendment establishing a State lottery (the "State Lottery"), the net revenues of which are used to supplement money allocated to public education. This amendment stipulated that the funds derived from the State Lottery be used for the education of students and prohibited their use for noninstructional purposes, such as the acquisition of real property, the construction of facilities or the financing of research. Moreover, State Proposition 20 approved in March 2000 requires that 50 percent of the increase in Lottery revenues over 1997-98 levels must be restricted to use on instructional material. State Lottery net revenues - gross revenues less prizes and administration expenses - are allocated by computing an amount per A.D.A., which is derived by dividing the total net revenues figures by the total A.D.A. for grades K-12, community colleges, the University of California system and other participating educational institutions. Each district receives an amount equal to its total A.D.A. multiplied by the per A.D.A. figure. Allocations to the District in 2009-10 were approximately 1.4% and in 2010-11, approximately 1.2% of General Fund revenues, and are budgeted to be approximately 1.2% in fiscal year 2011-12.

Other Local Revenues

In addition to property taxes, the District receives additional local revenues from items such as leases and rentals, interest earnings, interagency services, and other local sources. Other local revenues constituted approximately 23.8% of general fund revenues in fiscal year 2007-08, 24.3% of such revenues in fiscal year 2008-09, 26.2% of such revenues in fiscal year 2009-10, are estimated to equal approximately 30.8% of such revenues in fiscal year 2010-11, and are projected to equal 30.4% of such revenues in fiscal year 2011-12.

Parcel Tax

The District receives revenue from a parcel tax approved by the voters of the District on March 5, 2005 that expired in June 2011. The $189 per parcel tax, provided revenues that equaled approximately 12% of the total General Fund revenues in fiscal year 2007-08 or approximately $6.7 million, approximately 12% of General Fund revenues in fiscal year 2008-09 or approximately $6.7 million, approximately 13% of the total General Fund revenues in fiscal year 2009-10 or approximately $6.6 million. On November 3, 2009 the voters of the District approved a $189 per parcel tax with no expiration date (the "2009 Tax"). This parcel tax replaced the March 2005 parcel tax effective July 1, 2010. The 2009 Tax provided revenues that equaled approximately 12.0% of General Fund revenues in fiscal year 2010-11 or approximately $6,819,681 million, and are projected to be approximately 11.8% of General Fund revenues in fiscal year 2011-12 or approximately $6,629,344 million.

On May 4, 2010 the District's voters approved a second parcel tax, known as Measure A (the "2010 Tax"). The 2010 Tax is a five-year $112 per parcel tax that was approved as of July 1, 2010 and expires on June 30, 2015. The District expect to collect approximately $3,900,000 per year from the2010 Tax. The 2010 Tax accounted for 6.5% of the District's General Fund revenue in fiscal year 2010-11 or approximately $3,738,195 and are projected to account for 7.0% of such revenues in fiscal year 2011-12 or approximately $3,928,512.

Combined, the 2009 Tax and 2010 Tax are projected to account for 18.7% of General Fund revenues in fiscal year 2011-12.

Redevelopment Revenue.

The District receives pass-through tax increment revenue ("Redevelopment Revenue") from the city of Layfayette. The District received $127,624 of such revenues for fiscal year 2007-08, $136,322 of such revenues for 2008-09, $175,387 of such revenues in 2009-10, $157,866 of such revenues for 2010-11, and is projected to receive $101,000 of such revenues in fiscal year 2011-12. These amounts are deposited directly into the capital facilities fund. The District currently applies such amounts to facilities expenditures.

The District, however, can make no representations that Redevelopment Revenues will continue to be received by the District in amounts consistent with prior years, or as currently projected, particularly in light of the recently enacted legislation eliminating redevelopment agencies. See "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS– State Budget Measures – 2011-12 Budget" and "CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 1A and Proposition 22" herein. Further, the District can make no representations about the potential impact of recent litigation regarding such legislation. The Bonds, however, are not payable from such revenue. The Bonds are payable solely from the proceeds of an *ad valorem* tax required to be levied by the County in an amount sufficient for the payment thereof. See "THE BONDS – Security and Sources of Payment" herein.

Foundations

The District is supported by four educational foundations; the Education Foundation of Orinda, the Moraga Education Foundation, the Lafayette Arts & Sciences Foundation and the Walnut Creek Education Foundation (collectively the "Foundations"). The Education Foundation of Orinda was founded in 1979 and provides support for Miramonte High School. The Moraga Education Foundation was formed in 1981 and provides support for Compolindo High School. The Lafayette Arts & Sciences

Foundation was founded in 1980 and provides support for Acalanes High School. The Walnut Creek Education Foundation was founded in 2005 after the merger of the Walnut Greek Education Foundation and the Las Lomas Foundation and provides support for Las Lomas High School. In addition, at each high school, parent clubs provide direct financial support. The following table lists the annual contributions of the Foundations and direct support from parent clubs at each respective high school transferred to the District.

FOUNDATION CONTRIBUTIONS
Years 2005 through 2012
Acalanes Union High School District

Year	Donations
2005	$1,000,000
2006	1,186,328
2007	1,371,587
2008	1,441,348
2009	1,012,356
2010	1,756,710
2011	1,857,938
2012[1]	2,133,417

Budget Process

State Budgeting Requirements. The District is required by provisions of the State Education Code to maintain a balanced budget each year, in which the sum of expenditures and the ending fund balance cannot exceed the sum of revenues and the carry-over fund balance from the previous year. The State Department of Education imposes a uniform budgeting and accounting format for school districts. The budget process for school districts was substantially amended by A.B. 1200, which became law on October 14, 1991. Portions of A.B. 1200 are summarized below.

School districts must adopt a budget on or before July 1 of each year. The budget must be submitted to the county superintendent within five days of adoption or by July 1, whichever occurs first. A district may be on either a dual or single budget cycle. The dual budget option requires a revised and readopted budget by September 15 that is subject to State-mandated standards and criteria. The revised budget must reflect changes in projected income and expenses subsequent to July 1. The single budget is only readopted if it is disapproved by the county office of education, or as needed. The District is on a single budget cycle and adopts its budget on or before July 1.

For both dual and single budgets submitted on July 1, the county superintendent will examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance, will determine if the budget allows the district to meet its current obligations and will determine if the budget is consistent with a financial plan that will enable the district to meet its multi-year financial commitments. On or before August 15, the county superintendent will approve, conditionally approve, or disapprove the adopted budget for each school district. Budgets will be disapproved if they fail the above standards. The district board must be notified by August 15 of the county superintendent's recommendations for revision and reasons for the recommendations. The county superintendent may assign a fiscal advisor or appoint a committee to examine and comment on the superintendent's recommendations. The committee must report its findings no later than August 20. Any recommendations made by the county superintendent must be made available by the district for public inspection. No later than August 20, the county superintendent must notify the Superintendent of Public Instruction of all school districts whose budget has been disapproved.

For all dual budget options and for single budget option districts whose budgets have been disapproved, the district must revise and readopt its budget by September 15, reflecting changes in projected income and expense since July 1, including responding to the county superintendent's recommendations. The county superintendent must determine if the budget conforms with the standards and criteria applicable to final district budgets and not later than October 8 will approve or disapprove the revised budgets. If the budget is disapproved, the county superintendent will call for the formation of a budget review committee pursuant to Education Code § 42127.1. Until a district's budget is approved, the district will operate on the lesser of its proposed budget for the current fiscal year or the last budget adopted and reviewed for the prior fiscal year.

Interim Financial Reporting. Under the provisions of A.B. 1200, each school district is required to file interim certifications with the county office of education as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent two fiscal years. The county office of education reviews the certification and issues either a positive, negative or qualified certification. A positive certification is assigned to any school district that will meet its financial obligations for the current fiscal year and subsequent two fiscal years. A negative certification is assigned to any school district that will be unable to meet its financial obligations for the remainder of the fiscal year or subsequent two fiscal years. A qualified certification is assigned to any school district that may not meet its financial obligations for the current fiscal year or subsequent two fiscal years.

The District has never had an adopted budget disapproved by the County Superintendent of Schools. The District elected to report a "qualified" certification in its first interim financial report for fiscal year 2003-04. In its next interim financial report, and for all reporting periods thereafter, the District has reported a "positive" certification.

General Fund Budget. The District's general fund adopted budget for fiscal years 2008-09 through 2011-12, audited actual results for the fiscal years 2009-10 through 2010-11, and projections for fiscal year 2011-12 are set forth in the following table:

Accounting Practices

The accounting policies of the District conform to generally accepted accounting principles in accordance with policies and procedures of the California School Accounting Manual. This manual, according to Section 41010 of the California Education Code, is to be followed by all California school districts. Revenues are recognized in the period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the period in which the liability is incurred.

ACALANES UNION HIGH SCHOOL DISTRICT

The information in this section concerning the operations of the District and the District's operating budget are provided as supplementary information only, and it should not be inferred from the inclusion of this information in this Official Statement that the principal of or interest on the Bonds is payable from the general fund of the District. The Bonds are payable solely from the proceeds of an ad valorem *tax required to be levied by the County in an amount sufficient for the payment thereof. See "THE BONDS – Security and Sources for Payment" herein.*

Introduction

The District is located in the western portion of Contra Costa County (the "County") approximately 20 miles east of San Francisco. The District operates four comprehensive high schools and one alternative high school and encompasses an area of approximately 80 square miles and has an estimated population of 111,346.

The District was established in 1940 and provides secondary educational services to the residents of the Cities of Lafayette and Orinda, the Town of Moraga, a portion of the City of Walnut Creek, and of certain surrounding unincorporated areas in Contra Costa County. The 2011-12 assessed valuation of the area served by the District is $23,676,630,057. The District's projected average daily attendance for fiscal year 2011-12 is 5,174.

Administration

The District is governed by a five-member Board of Trustees (the "Board"), each of which is elected to a four-year term. Elections for positions to the Board of Trustees are held every two years, alternating between two and three available positions. The members of the Board of Trustees, together with their office and the date their term expires, are listed in the following table:

Board Member	Office	Term Expires
Gwen Reinke	President	December 2012
Richard Whitmore	Clerk	December 2014
Kathy Coppersmith	Member	December 2012
Susie Epstein	Member	December 2014
Tom Mulvaney	Member	December 2014

The Superintendent of the District is responsible for administering the affairs of the District in accordance with the policies of the Board of Trustees. John Nickerson, Ed.D. is the District's Superintendent and Christopher Learned is the Associate Superintendent, Business Services.

Brief biographies of the Superintendent and the Associate Superintendent, Business Services follow:

John Nickerson, Ed.D., Superintendent. Dr. Nickerson was promoted to Acalanes Union High School District Superintendent on February 2, 2011. Dr. Nickerson began his tenure with the District in August of 1996 as a classroom teacher. Subsequently, he worked as an associate principal, principal and the Associate Superintendent, Educational Services. Dr. Nickerson has twenty-two years of experience working in schools, seventeen of which are in the California public education system. The last 12 years of Dr. Nickerson's career have been in management positions. Dr. Nickerson earned a B.A. in economics from Harvard University. He received a M.A. from University of California, Berkeley and his doctorate from the University of La Verne.

Christopher Learned, Associate Superintendent, Business Services. Mr. Learned is in his 15th year with the District, the last twelve as Associate Superintendent, Business Services. He has over thirty-four years of experience in education. Mr. Learned holds a M.B.A. from the University of Phoenix, and a B.A. in Business Administration from California State University, Hayward.

Average Daily Attendance and Enrollment

The total A.D.A. for the 2010-11 academic year was 5,353 students and is projected to be 5,174 students for the 2011-12 academic year. The current student-teacher ratio in the District is 25:1 in grades 9-12.

The following table shows the District's average daily attendance ("A.D.A.") and enrollment over the last 13 years and a projection for the current fiscal year and subsequent fiscal year.

AVERAGE DAILY ATTENDANCE
FISCAL YEARS 1998-99 THROUGH 2012-13*
Acalanes Union High School District

Year	Average Daily Attendance[1]	Enrollment[2]
1998-99	4,845	5,065
1999-00	5,049	5,280
2000-01	5,150	5,375
2001-02	5,320	5,514
2002-03	5,507	5,744
2003-04	5,553	5,785

Labor Relations

As of January 1, 2012, the District employed approximately 305.5 full-time equivalent certificated employees and 183 classified employees. These employees, except management and some part-time employees, are represented by the two bargaining units as noted below:

BARGAINING UNITS
Acalanes Union High School District

Labor Organization	Number of Employees In Bargaining Unit	Contract Expiration Date
Acalanes Education Association	284.5	06/30/2012
Service Employees International Union	175.0	06/30/2012

Retirement Programs

STRS. All full-time certificated employees, as well as certain classified employees, are members of the State Teachers' Retirement System ("STRS"). STRS provides retirement, disability and survivor benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. The District is currently required by such statutes to contribute 8.25% of eligible salary expenditures, while participants contribute 8% of their respective salaries. The State also contributes to STRS, currently in an amount equal to 2.541% of teacher payroll.

The District's contribution to STRS for the fiscal year ending June 30, 2011, 2010, 2009 and 2008, were $2,067,984, $2,137,717, and $2,256,263, respectively, and is projected to be $1,738,537 for fiscal year 2011-12.

PERS. Classified employees working four or more hours per day are members of the Public Employees' Retirement System ("PERS"). PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the State statutes, as legislatively amended, with the Public Employees' Retirement Laws. The District is currently required to contribute to PERS at an actuarially determined rate, which is 10.923% of eligible salary expenditures for fiscal year 2011-12, while participants contribute 7% of their respective salaries.

The District's contribution to PERS is capped at 13.02% of gross expenditures for any given fiscal year. To the extent the District's contribution rate to PERS is less than 13.02%, the State will reduce the District's revenue limit for that year by the difference between the maximum contribution rate and the District's actual contribution rate. Alternatively, if the District's contribution rate is greater than 13.02%, the State is required to provide additional revenue limit allocations to the District to make up the difference.

The District's contribution to CalPERS for the fiscal year ended June 30, 2011, 2010, 2009 and 2008, were $725,193 , $670,166, and $649,060, respectively, and is projected to be $580,480 for fiscal year 2011-12.

State Pension Trusts. Each of STRS and PERS issues a separate comprehensive financial report that includes financial statements and required supplemental information. Copies of such financial reports may be obtained from each of STRS and PERS as follows: (i) STRS, P.O. Box 15275, Sacramento, California 95851-0275; (ii) PERS, P.O. Box 942703, Sacramento, California 94229-2703. Moreover, each of STRS and PERS maintains a website, as follows: (i) STRS: www.calstrs.com; (ii) PERS: www.calpers.ca.gov. However, the information presented in such financial reports or on such websites is not incorporated into this Official Statement by any reference.

Both STRS and PERS have substantial statewide unfunded liabilities. The amount of these unfunded liabilities will vary depending on actuarial assumptions, returns on investments, salary scales and participant contributions. The following table summarizes information regarding the actuarially-determined accrued liability for both STRS and PERS.

FUNDED STATUS
STRS (Defined Benefit Program) and PERS
As of a June 30, 2010 Valuation Date
(Dollar Amounts in Millions) (1)

Plan	Accrued Liability	Value of Trust Assets	Unfunded Liability
Public Employees Retirement Fund (PERS)	$55,307	$38,435(2)	$(16,872)
State Teachers' Retirement Fund Defined Benefit Program (STRS)	196,315	140,291(3)	(56,024)

(1) Amounts may not add due to rounding.
(2) Reflects market value of assets as of June 30, 2010.
(3) Reflects actuarial value of assets as of June 30, 2010.
Source: CalPERS State & Schools Actuarial Valuation; CalSTRS Defined Benefit Program Actuarial Valuation.

Unlike PERS, STRS contribution rates for participant employers, employees and the State are set by statute and do not currently vary from year-to-year based on actuarial valuations. In recent years, the combined employer, employee and State contributions to STRS have been significantly less than actuarially required amounts. As a result, and due in part to investment losses, the unfunded liability of STRS has increased significantly. This unfunded liability is expected to continue to increase in the absence of legislation requiring additional or increased contributions. The District can make no representations regarding the future program liabilities of STRS, or whether the District will be required to make larger contributions to STRS in the future. The District can also provide no assurances that the District's required contributions to PERS will not increase in the future.

Social Security. As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (STRS or PERS) must be covered by Social Security or an alternative plan. The District has elected to use Social Security as its alternative plan. Contributions made by the District and participating employees vest immediately. The District is required to contribute 6.2% of each employee's gross earnings. In addition, each employee is required to contribute 6.2% of his or her gross earnings.

Other Post-Employment Benefits

Plan Description. The District administers a single-employer defined benefit healthcare plan (the "Plan"). The plan provides five years of postemployment healthcare, dental, and vision benefits (to eligible employees up to the age of 65 (the "Post-Employment Benefits"). To be eligible to receive these Post-Employment Benefits, retirees must be age 55 and have completed a minimum of 10 years of continuous service to the District immediately prior to retirement. As of June 30, 2011, 42 employees were receiving Post-Employment Benefits.

The Plan provides for the District to contribute 100 percent of the cost of health insurance premiums for retirees. The District makes a monthly contribution toward medical coverage not to exceed $568.99 for single party coverage or $1,137.98 for two-party coverage. Benefit provisions are established by the District's Governing Board. The Plan does not issue a publicly available report.

Funding Policy. The District's Board has no specific funding policy for the plan. Expenditures are made on a pay-as-you-go basis. During fiscal year 2010-11, the District recognized expenditures of $725,000 for the Post-Employment Benefits and has projected a contribution of $725,000 for fiscal year 2011-12.

In addition, whenever savings are realized based on budgeted healthcare expenditures, the Board of Trustees may direct the transfer of the savings to a trust held by California Employers' Retiree Benefit Trust (The "Trust") for the benefit of the covered employees.

The District has set aside approximately $232,480 in the Trust, and expects to transfer approximately $100,000 for fiscal year 2011-12.

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years ended 2009, 2010, and 2011 are as follows:

Fiscal Year	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2009	$1,070,907	56.0%	$470,840
June 30, 2010	1,107,397	76.0	736,699
June 30, 2011	1,190,417	87.0	891,444

For more information regarding the District's Post-Employment Benefits, see "APPENDIX B – Excerpts from the District's 2010-11 Audited Financial Statements– Note 6 – Other Postemployment Benefits (OPEB)."

Actuarial Study. The District has received a study by Total Compensation, Inc. on January 31, 2011 (the "Actuarial Study") with respect to its liability in connection with such post-employment health care benefits. The Actuarial Study, dated as of November 1, 2010, determined that the actuarial accrued liability with respect to the District's Post-Employment Benefits is $9,663,392, and that the actuarial present value of total projected benefits is $13,627,429. The Actuarial Study also concluded that the annual required contribution ("ARC") for the year beginning November 1, 2010 is $1,179,972. The ARC is the annual amount that would be necessary to fund the OPEB in accordance with the Governmental Accounting Standards Board's Statements No. 43 and 45.

Insurance

The District is a member of four Joint Powers Authorities ("JPAs") for insurance purposes; the Contra Costa County Schools Insurance Group (CCCSIG) for workers' compensation insurance; the East Bay Schools Insurance Group (EBSIG) for property and liability insurance, the Schools Association for Excess Risk (SAFER) for excess liability insurance, and the Schools Self-insurance of Contra Costa County (SSICCC) for health benefits. The relationships between the District and the JPAs are such that the JPAs are not component units of the District for financial reporting purposes.

The JPAs arrange for and/or provide coverage for their members. The JPAs are governed by a board consisting of a representative from each member district. The boards control the operations of the JPAs, including selection of management and approval of operating budgets independent of any influence by the member districts beyond their representation on the board. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to its participation in the JPA.

Based upon prior claims experience, the District believes that it has adequate insurance coverage.

Comparative Financial Statements

Audited financial statements for the District for the fiscal year ended June 30, 2011, and prior fiscal years are on file with the District and available for public inspection at the Office of Business Services of the District, Acalanes Union High School District, 1212 Pleasant Hill Road, Lafayette, California, 94549, telephone: (925) 280-3900. Excerpts from the District's audited financial statements for the year ended June 30, 2011 are attached hereto as Appendix B. For fiscal years ended June 30, 2003 and later, the District implemented Government Accounting Standard Board Statement Nos. 34 and 35. Among the changes implemented under these revised accounting rules is a change in the financial reporting format. While historical total revenue and expenditures figures are comparably consistent to prior years, the breakdown of revenues and expenditures follows functional categories rather than object-oriented categories. The following tables reflect the District's revenues, expenditures and fund balances for fiscal years 2004-05 through 2010-11:

[REMAINDER OF PAGE LEFT BLANK]

The District's audited statement of general fund revenues, expenditures and changes in fund balances for fiscal years ending June 30, 2005 through June 30, 2011 are set forth in the following tables.

(1) Excludes debt service on the Refunded Bonds expected to be refinanced with proceeds of the Bonds.
(2) Excludes debt service on the bonds refunded by the 2005 G.O. Refunding Bonds and 2005B G.O. Refunding Bonds.
(3) Excludes debt service on the 2005 G.O. Refunding Bonds and 2005B G.O. Refunding Bonds on and prior to August 1, 2013 (the "Crossover Date").

Statement of Direct and Overlapping Debt.

Set forth on the following page is a direct and overlapping debt report (the "Debt Report") prepared by California Municipal Statistics, Inc. dated as of November 1, 2011. The Debt Report is included for general information purposes only. The District has not reviewed the Debt Report for completeness or accuracy and makes no representation in connection therewith.

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District in whole or in part. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

The table shows the percentage of each overlapping entity's assessed value located within the boundaries of the District. The table also shows the corresponding portion of the overlapping entity's existing debt payable from property taxes levied within the District. The total amount of debt for each overlapping entity is not given in the table.

The first column in the table names each public agency which has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. The second column shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in the table) produces the amount shown in the third column, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

TAX MATTERS

In the opinion of Stradling Yocca Carlson & Rauth, a Professional Corporation, San Francisco, California ("Bond Counsel"), under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements described herein, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations. In the further opinion of Bond Counsel, interest on the Bonds is exempt from State of California personal income tax. Bond Counsel notes that, with respect to corporations, interest on the Bonds may be included as an adjustment in the calculation of alternative minimum taxable income which may affect the alternative minimum tax liability of corporations.

The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of the same series and maturity is to be sold to the public) and the stated redemption price at maturity with respect to such Bond constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bond Owner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by the Bond Owner will increase the Bond Owner's basis in the Bond. In the opinion of Bond Counsel, the amount of original issue discount that accrues to the owner of the Bond is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and is exempt from State of California personal income tax.

Bond Counsel's opinion as to the exclusion from gross income of interest (and original issue discount) on the Bonds is based upon certain representations of fact and certifications made by the District and others and is subject to the condition that the District complies with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"), that must be satisfied subsequent to the issuance of the Bonds to assure that interest (and original issue discount) on the Bonds will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause the interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements.

The amount by which a Bond Owner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the Code; such amortizable Bond premium reduces the Bond Owner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bond Owner realizing a taxable gain when a Bond is sold by the Owner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Owner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable Bond premium.

The Internal Revenue Service (the "IRS") has initiated an expanded program for the auditing of tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the IRS. It is also possible that the market value of the Bonds might be affected as a result of such an audit of the Bonds (or by an audit of similar bonds). No assurance can be given that in the course of an audit, as a result of an audit, or otherwise, Congress or the IRS might not change the Code (or interpretation thereof) subsequent to the issuance of the Bonds to the extent that it adversely affects the exclusion from gross income of interest on the Bonds or their market value.

It is possible that subsequent to the issuance of the Bonds there might be federal, state, or local statutory changes (or judicial or regulatory interpretations of federal, state, or local law) that affect the federal, state, or local tax treatment of the Bonds or the market value of the Bonds. Recently, proposed legislative changes have been introduced in Congress, which, if enacted, could result in additional federal income or state tax being imposed on owners of tax-exempt state or local obligations, such as the Bonds. The introduction or enactment of any of such changes could adversely affect the market value or liquidity of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes (or other changes) will not be introduced or enacted or interpretations will not occur. Before purchasing any of the Bonds, all potential purchasers should consult their tax advisors regarding possible statutory changes or judicial or regulatory changes or interpretations, and their collateral tax consequences relating to the Bonds.

Bond Counsel's opinions may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. Bond Counsel has not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Resolution and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of bond counsel is provided with respect thereto. Bond Counsel expresses no opinion as to the effect on the exclusion from gross income of interest (and original issue discount) on the Bonds for federal income tax purposes with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than Stradling Yocca Carlson & Rauth.

Although Bond Counsel has rendered an opinion that interest (and original issue discount) on the Bonds is excluded from gross income for federal income tax purposes provided that the District continues to comply with certain requirements of the Code, the ownership of the Bonds and the accrual or receipt of interest (and original issue discount) with respect to the Bonds may otherwise affect the tax liability of certain persons. Bond Counsel expresses no opinion regarding any such tax consequences. Accordingly, before purchasing any of the Bonds, all potential purchasers should consult their tax advisors with respect to collateral tax consequences relating to the Bonds.

A copy of the proposed form of opinion of Bond Counsel for the Bonds is attached hereto as APPENDIX A.

LEGAL MATTERS

Legality for Investment in California

Under provisions of the California Financial Code, the Bonds are legal investments for commercial banks in California to the extent that the Bonds, in the informed opinion of the bank, are prudent for the investment of funds of depositors, and, under provisions of the Government Code of the State, are eligible for security for deposits of public moneys in the State.

Continuing Disclosure

In connection with the issuance of the Bonds, the District has covenanted for the benefit of bondholders (including beneficial owners of the Bonds) to provide certain financial information and operating data relating to the District (the "Annual Reports") by not later than eight months following the end of the District's fiscal year (the District's fiscal year ends on June 30), commencing with the report for the 2011-12 fiscal year, and to provide notices of the occurrence of certain listed events. The Annual Repors and the notices of listed events will be filed by the District in accordance with the requirements of S.E.C. Rule 15c2-12(b)(5) (the "Rule"). The specific nature of the information to be made available and to be contained in the notices of listed events is described in the form of Continuing Disclosure Certificate attached hereto as APPENDIX C. These covenants have been made in order to assist the Underwriter in complying with the Rule. The District has, in the past, failed to file certain of its required annual reports and notices of listed events in a timely manner as required by its prior continuing disclosure obligations. The District has since filed all such reports and notices of listed events and is current with respect to all filings required under its prior continuing disclosure obligations.

No Litigation

No litigation is pending or threatened concerning the validity of the Bonds, and a certificate to that effect will be furnished to purchasers at the time of the original delivery of the Bonds. The District is not aware of any litigation pending or threatened questioning the political existence of the District or contesting the District's ability to receive *ad valorem* taxes to collect other revenues or contesting the District's ability to issue and retire the Bonds.

Information Reporting Requirements

On May 17, 2006, the President signed the Tax Increase Prevention and Reconciliation Act of 2005 ("TIPRA"). Under Section 6049 of the Internal Revenue Code of 1986, as amended by TIPRA, interest paid on tax-exempt obligations is subject to information reporting in a manner similar to interest paid on taxable obligations. The effective date of this provision is for interest paid after December 31, 2005, regardless of when the tax-exempt obligations were issued. The purpose of this change was to assist in relevant information gathering for the IRS relating to other applicable tax provisions. TIPRA provides that backup withholding may apply to such interest payments made after March 31, 2007 to any bondholder who fails to file an accurate Form W-9 or who meets certain other criteria. The information reporting and backup withholding requirements of TIPRA do not affect the excludability of such interest from gross income for federal income tax purposes.

Escrow Verification

Upon delivery of the Bonds, Causey Demgen & Moore Inc., will deliver a report on the mathematical accuracy of certain computations based upon certain information and assertions provided to them by the Underwriter (defi1ned herein) relating to the adequacy of the amounts in the Escrow Fund to pay the redemption price of and interest on the Refunded Bonds.

Legal Opinion

The legal opinion of Bond Counsel, approving the validity of the Bonds, will be supplied to the original purchasers thereof without cost. A copy of the proposed form of such legal opinion for the Bonds is attached to this Official Statement as APPENDIX A.

MISCELLANEOUS

Ratings

Moody's Investors Service ("Moody's") and Standard & Poor's Ratings Services, a Standard & Poor's Financial Services LLC business ("S&P"), have assigned ratings of "Aa1" and "AA", respectively, to the Bonds.

Such ratings reflect only the views of such organization and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same, at the following addresses: Moody's Investors Service, 7 World Trade Center at 250 Greenwich, New York, New York 10007 and Standard & Poor's, 55 Water Street, New York, New York 10041. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the respective rating agency, if in the judgment of such rating agency, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price for the Bonds.

The obligation of the Underwriter to purchase the Bonds on the Settlement Date is conditioned upon the receipt of rating letters from Moody's and Standard & Poor's with respect to the Bonds on the Settlement Date, however, such obligation is not conditioned on the receipt of any particular rating.

Financial Statements

Excerpts from the District's audited financial statements with required supplemental information for the year ended June 30, 2011, the independent auditor's report of the District, and the related statements of activities and of cash flows for the year then ended, and the report dated December 14, 2011 of James Marta & Company, Certified Public Accountants (the "Auditor"), are included in this Official Statement as Appendix B. The District's Governing Board will formally accept the audit at the February 1, 2012 meeting of the Governing Board. In connection with the inclusion of portions of the financial statements and the report of the Auditor thereon in Appendix B to this Official Statement, the District did not request the Auditor to, and the Auditor has not undertaken to, update its report or to take any action intended or likely to elicit information concerning the accuracy, completeness or fairness of the statements made in this Official Statement, and no opinion is expressed by the Auditor with respect to any event subsequent to the date of its report.

Underwriting

The Bonds are being purchased by Piper Jaffray & Co. (the "Underwriter"). The Underwriter has agreed, pursuant to a Purchase Contract by and between the District and the Underwriter, to purchase all of the Bonds for a purchase price of $22,205,267.50 (which is equal to the principal amount of the Bonds of $19,410,000.00, plus original issue premium of $2,892,317.50, less the Underwriter's discount of $97,050.00). The Purchase Contract related to the Bonds provides that the Underwriter will purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in the Purchase Contract, the approval of certain legal matters by bond counsel and certain other conditions. See "THE BONDS – Delayed Delivery of the Bonds" herein. The initial offering prices stated on the cover of this Official Statement may be changed from time to time by the Underwriter. The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than such initial offering prices. The offering prices may be changed from time to time by the Underwriter.

Additional Information

The purpose of this Official Statement is to supply information to prospective buyers of the Bonds. Quotations from and summaries and explanations of the Bonds, the Resolution providing for issuance of the Bonds, and the constitutional provisions, statutes and other documents referenced herein, do not purport to be complete, and reference is made to said documents, constitutional provisions and statutes for full and complete statements of their provisions.

All data contained herein has been taken or constructed from District records. Appropriate District officials, acting in their official capacities, have reviewed this Official Statement and have determined that, as of the date hereof, the information contained herein is, to the best of their knowledge and belief, true and correct in all material respects and does not contain an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made herein, in light of the circumstances under which they were made, not misleading. This Official Statement has been approved by the District.

APPENDIX A

FORM OF OPINION OF BOND COUNSEL FOR THE BONDS

May 3, 2012

Board of Trustees
Acalanes Union High School District

Members of the Board of Trustees:

We have examined a certified copy of the record of the proceedings relative to the issuance and sale of $19,410,000 Acalanes Union High School District (Contra Costa County, California) 2012 General Obligation Refunding Bonds (the "Bonds"). As to questions of fact material to our opinion, we have relied upon the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on our examination as bond counsel of existing law, certified copies of such legal proceedings and such other proofs as we deem necessary to render this opinion, we are of the opinion, as of the date hereof and under existing law, that:

1. Such proceedings and proofs show lawful authority for the issuance and sale of the Bonds pursuant to Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, and a resolution (the "Resolution") of the Board of Trustees of the Acalanes Union High School District (the "District").

2. The Bonds constitute valid and binding general obligations of the District, payable as to both principal and interest from the proceeds of a levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount.

3. Under existing statutes, regulations, rulings and judicial decisions, interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that, with respect to corporations, such interest on the Bonds may be included as an adjustment in the calculation of alternative minimum taxable income, which may affect the alternative minimum tax liability of such corporations.

4. Interest on the Bonds is exempt from State of California personal income tax.

5. The difference between the issue price of a Bond (the first price at which a substantial amount of the Bonds of a maturity is to be sold to the public) and the stated redemption price at maturity with respect to such Bonds constitutes original issue discount. Original issue discount accrues under a constant yield method, and original issue discount will accrue to a Bondowner before receipt of cash attributable to such excludable income. The amount of original issue discount deemed received by a Bondowner will increase the Bondowner's basis in the applicable Bond. Original issue discount that accrues to the Bondowner is excluded from the gross income of such owner for federal income tax purposes, is not an item of tax preference for purposes of

the federal alternative minimum tax imposed on individuals and corporations, and is exempt from State of California personal income tax.

6. The amount by which a Bondowner's original basis for determining loss on sale or exchange in the applicable Bond (generally, the purchase price) exceeds the amount payable on maturity (or on an earlier call date) constitutes amortizable Bond premium, which must be amortized under Section 171 of the of the Internal Revenue Code of 1986, as amended (the "Code"); such amortizable Bond premium reduces the Bondowner's basis in the applicable Bond (and the amount of tax-exempt interest received), and is not deductible for federal income tax purposes. The basis reduction as a result of the amortization of Bond premium may result in a Bondowner realizing a taxable gain when a Bond is sold by the Bondowner for an amount equal to or less (under certain circumstances) than the original cost of the Bond to the Bondowner. Purchasers of the Bonds should consult their own tax advisors as to the treatment, computation and collateral consequences of amortizable Bond premium.

The opinions expressed herein may be affected by actions taken (or not taken) or events occurring (or not occurring) after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. The Resolution and the Tax Certificate relating to the Bonds permit certain actions to be taken or to be omitted if a favorable opinion of Bond Counsel is provided with respect thereto. No opinion is expressed herein as to the effect on the exclusion from gross income of interest (and original issue discount) for federal income tax purposes with respect to any Bond if any such action is taken or omitted based upon the advice of counsel other than ourselves. Other than expressly stated herein, we express no opinion regarding tax consequences with respect to the Bonds.

The opinions expressed herein as to the exclusion from gross income of interest (and original issue discount) on the Bonds are based upon certain representations of fact and certifications made by the District and others and are subject to the condition that the District complies with all requirements of the Code, that must be satisfied subsequent to the issuance of the Bonds to assure that such interest (and original issue discount) will not become includable in gross income for federal income tax purposes. Failure to comply with such requirements of the Code might cause interest (and original issue discount) on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with all such requirements.

It is possible that subsequent to the issuance of the Bonds there might be federal, state, or local statutory changes (or judicial or regulatory interpretations of federal, state, or local law) that affect the federal, state, or local tax treatment of the Bonds or the market value of the Bonds. No assurance can be given that subsequent to the issuance of the Bonds such changes or interpretations will not occur.

The rights of the owners of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable and their enforcement may also be subject to the exercise of judicial discretion in appropriate cases and the limitations on legal remedies against public agencies in the State of California.

Respectfully submitted,

Stradling Yocca Carlson & Rauth

INDEPENDENT AUDITOR'S REPORT

Board of Education
Acalanes Union High School District
Lafayette, CA

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Acalanes Union High School District (the "District"), as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Acalanes Union High School District as of June 30, 2011, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 14, 2011 on our consideration of the Acalanes Union High School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, the Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual for the General Fund, and the Schedule of Funding Progress – Other Postemployment Benefits are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

701 Howe Avenue Suite E3, Sacramento, California 95825 Phone: 916-993-9494 Fax: 916-993-9489
e-mail: jmarta@jpmcpa.com www.jpmcpa.com

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Acalanes Union High School District's basic financial statements. The accompanying supplementary information as listed in the table of contents, including the Schedule of Expenditure of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* are presented for purposes of additional analysis and are not a required part of the basic financial statements of the District. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

MANAGEMENT’S DISCUSSION AND ANALYSIS

ACALANES UNION HIGH SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2011

This section of the Acalanes Union High School District's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2011. Please read it in conjunction with the Independent Auditor's Report presented on pages 1 and 2, and the District's financial statements, which immediately follow this section.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and Statement of Activities, presented on pages 13 and 14, provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements for governmental activities, presented on pages 15 through 18, provide information about how District services were financed in the short-term, and how much remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside the District.

FINANCIAL HIGHLIGHTS

- The District's current year revenues were above total current year expenses by $899,552. This is primarily due to the anticipated steep cuts in revenue from the State as presented by Governor Schwarzenegger's May Revision for the 2010-2011 fiscal year. Ultimately the legislature rejected the Governors' proposed $1.5 billion cut to revenue limit for K-14 education allowing the District to increase its reserves for economic uncertainties.

- Capital assets, net of depreciation, increased by $8.2 million mainly due to the acquisition of $12.7 million of capital assets in connection with the construction and renovation of various school sites offset by the recognition of depreciation expense of $4.4 million.

- On the Statement of Revenues, Expenditures, and Changes in Fund Balances, total current year expenditures exceeded total current year revenues by $8.3 million due primarily to the steep cuts in revenue from the State and capital outlay expenditures during the year

- During FY 10-11, the District's Building Fund produced an operating deficit of $12.3 million. This is primarily due to current year expenditures that were funded by proceeds from bond issuances received in the prior years.

- The District's P-2 ADA, exclusive of adult education ADA, decreased from 5,414 ADA, in fiscal year 2009-10, down to 5,353 ADA in fiscal year 2010-11, a decrease of 61 ADA.

The District maintains sufficient reserves for a district its size. It meets the state required minimum reserve for economic uncertainty of 3% of general fund expenditures, transfers out, and other uses (total outgo). During fiscal year 2010-11, General Fund expenditures and other financing uses totaled $53.7 million. At June 30, 2011, the District has available reserves of $4.3 million in the General Fund, which represents a reserve of 8.1%.

THE FINANCIAL REPORT

The full annual financial report consists of three separate parts, including the basic financial statements, supplementary information, and Management's Discussion and Analysis. The three sections together provide a comprehensive overview of the District. The basic financial statements are comprised of two kinds of statements that present financial information from different perspectives, government-wide and funds.

- Government-wide financial statements, which comprise the first two statements, provide both short-term and long-term information about the District's overall financial position.

- Individual parts of the District, which are reported as fund financial statements comprise the remaining statements.

  - Basic services funding is described in the governmental funds statements. These statements include short-term financing and identify the balance remaining for future spending.

  - Financial relationships, for which the District acts as an agent or trustee for the benefit of others to whom the resources belong, are presented in the fiduciary funds statements.

Notes to the financial statements, provide more detailed data and explain some of the information in the statements. The required supplementary information provides further explanations and provides additional support for the financial statements. A comparison of the District's General Fund budget for the year is included.

Reporting the District as a Whole

The District as a whole is reported in the Government-wide statements and uses accounting methods similar to those used by companies in the private sector. All of the District's assets and liabilities are included in the Statement of Net Assets. The Statement of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The District's financial health or position (net assets) can be measured by the difference between the District's assets and liabilities.

- Increases or decreases in the net assets of the District over time are indicators of whether its financial position is improving or deteriorating, respectively.

- Additional non-financial factors such as the condition of school buildings and other facilities, and changes in the property tax base of the District need to be considered in assessing the overall health of the District.

In the Statement of Net Assets and the Statement of Activities, we divide the District into two kinds of activities:

Governmental Activities:

The basic services provided by the District, such as regular and special education, and administration, are included here, and are primarily financed by property taxes and state formula aid. Non-basic services, such as child nutrition are also included here, but are financed by a combination of local revenues and state and federal programs.

Business-type Activities:

The District does not provide any services that should be included in this category.

Reporting the District's Most Significant Funds

The District's fund-based financial statements provide detailed information about the District's most significant funds. Some funds are required to be established by State law and bond covenants. However, the District establishes many other funds as needed to control and manage money for specific purposes.

Governmental Funds:

The major governmental funds of the Acalanes Union High School District are the General Fund, Bond Interest and Redemption Fund, Building Fund, and Special Reserve for Capital Outlay Projects Fund. Governmental fund reporting focuses on how money flows into and out of the funds and the balances that remain at the end of the year. A modified accrual basis of accounting measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's operations and services. Governmental fund information helps to determine the level of financial resources available in the near future to finance the District's programs.

Fiduciary Funds:

The District is the trustee, or fiduciary, for its scholarship and student activity, and the Administrative Unit for the Contra Costa Special Education Local Plan Area (CCSELPA). All of the District's fiduciary activities are reported in separate Fiduciary Statements. We exclude these activities from the District's other financial statements because the District cannot use these assets to finance their operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

The District's net assets increased from $26.2 million at June 30, 2010 to $27.1 million at June 30, 2011, an increase of 3.4%.

Comparative Statement of Net Assets

	GovernmentalActivities

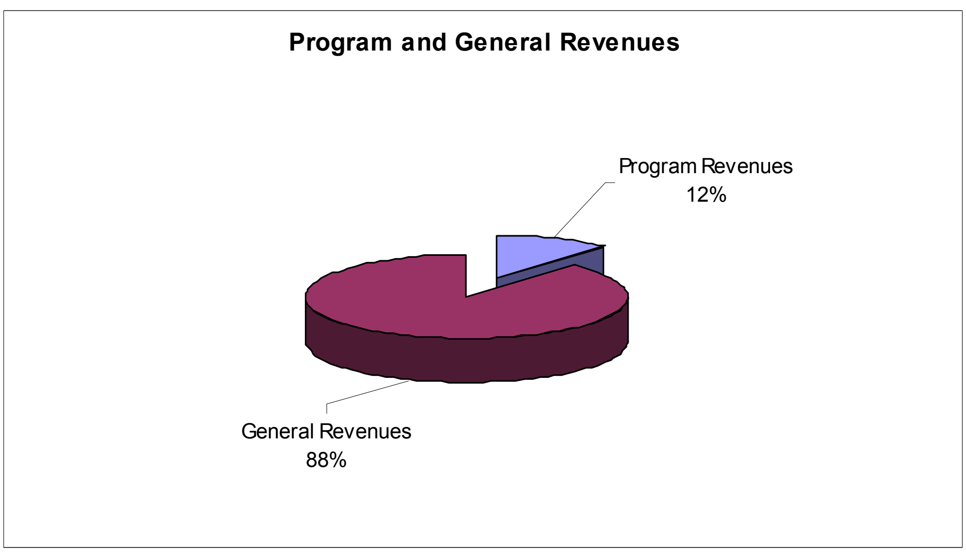
Totals	$ 65,807,819	$ 66,975,456	$ 56,959,778	$ 59,150,255

Table includes financial data of the combined governmental funds

The table above presents the cost of all District activities. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The $59,150,255 net cost represents the financial burden that was placed on the District's general revenues for providing the services listed.



Program revenues financed 12% of the total cost of providing the services listed above, while the remaining 88% was financed by the general revenues of the District.

	FYE 2010 Amount	Percent of Total	FYE 2011 Amount	Percent of Total

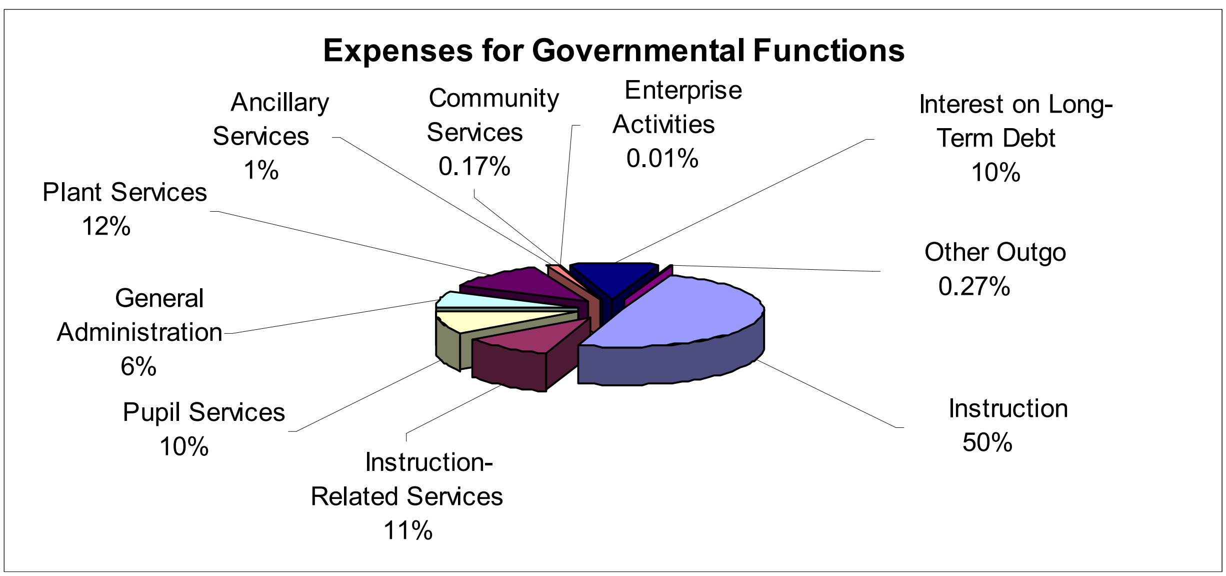
Table includes financial data of the combined governmental funds



Comparative Schedule of Capital Assets

	Governmental Activities			
	2010		2011	
Land	$	1,908,437	$	1,905,037
Sites and Improvements		29,464,160		33,020,538
Buildings and Improvements		140,294,770		140,909,070
Furniture and Equipment		4,407,352		4,640,243
Work-in-Progress		6,123,174		14,390,302
Subtotals		182,197,893		194,865,190
Less: Accumulated Depreciation		(52,995,556)		(57,427,968)
Capital Assets, net	$	129,202,337	$	137,437,222

Capital assets, net of depreciation, increased by $8.2 million due to the current year acquisition of $12.7 million of new capital assets, and the current year recognition of $4.4 million of depreciation expense.

Comparative Schedule of Long Term Liabilities

	Governmental Activities			
	2010		2011	
Compensated Absences	$	331,710	$	348,302
General Obligation Bonds		176,435,845		173,772,085
OPEB Liability		736,699		891,444
Totals	$	177,504,254	$	175,011,831

Total long-term liabilities decreased by $2.5 million due mainly to the required payments of existing general obligation bonds. In addition, $346,555 is added as part of the required reporting of the OPEB liability.

The general obligation bonds are financed by the local taxpayers and represent 99.4% of the District's total outstanding debt. The District has satisfied all of its debt service requirements for its bonded debt and continues to maintain an excellent credit rating on all of its debt issues. The remaining 0.6% of the District's outstanding debt consists of accrued compensated absences owed to District employees at June 30, 2011 and the required reporting of OPEB liability.

The notes to the financial statements are an integral part of the financial presentation and contain more detailed information as to interest, principal, retirement amounts, and future debt retirement dates.

Comparative Schedule of Fund Balances

	Fund Balances June 30, 2010	Fund Balances June 30, 2011	Increase (Decrease)
General	$ 5,664,442	$ 9,327,232	$ 3,662,790
Bond Interest & Redemption	7,092,034	7,498,864	406,830
Building	24,840,283	12,491,737	(12,348,546)
Special Reserve	11,320,782	11,338,070	17,288
Deferred Maintenance	1,375,892	1,252,471	(123,421)
Cafeteria	29,457	16,926	(12,531)
Adult Education	446,893	463,715	16,822
Capital Facilities	401,670	530,877	129,207
Totals	$ 51,171,453	$ 42,919,892	$ (8,251,561)

The combined fund balances of all District funds decreased $8.3 million. The Building fund decreased by $12.3 million due to incurring capital expenditures funded by sale of General Obligation Bonds in the prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared in accordance with California law and is based on the modified accrual basis of accounting. Over the course of the year, the District revises its budget based on updated financial information. The original budget, approved at the end of June for July 1, is based on May Revise figures and updated 45 days after the State approves its final budget. In addition, the District revises its budget at First and Second Interim to reflect the most current financial information available at that point in time.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

- The State's economic condition is the most significant factor affecting the District's future. Since the financial wellbeing of the District is tied in large measure to the state funding formula, management will need to plan carefully and prudently to provide the resources to meet student needs over the next several years. The District has an excellent track record in meeting this challenge in what has proven to be an extended cycle of lean years and it is not expected to improve for several more years.

- In an effort to establish a dependable and stable revenue stream the Governing Board held two parcel tax elections during the FY 09-10. On November 3, 2009, the electorate approved Measure G, to provide stable local funding at our high schools and protect core academic programs from deep State budget cuts; preserve science, mathematics, arts, music and foreign language courses; and maintain library hours. This replaced an existing six year $189 per parcel tax that was scheduled to expire on June 30, 2011. As a result of the passage of Measure G the District can rely on approximately $6.7 million dollars of stable local revenue source indefinitely as it has no sunset date.

  On May 4, 2010 the electorate approved Measure A, the Emergency Education Act to avoid the loss of science, math, foreign language, English, Social Studies, and art classes due to the continuing deep cuts in the state's budget and to provide students with high quality programs and services. This is a five-year $112 per parcel tax that starts on July 1, 2010 and expires on June 30, 2015.

  The combined parcel taxes represent 19.3% of the District's general fund revenues for future year budgets. Both parcel taxes are reliable income sources that cannot be taken by the state creating some stability in the District's revenue stream.

- Student enrollment and attendance are primary factors in the computation of most funding formulas for public schools in the State of California. The District enrollment dropped by 65 students from the 2009-2010 fiscal year. However, the Average Daily Attendance (ADA) for the fiscal year 2010-11 was based on 2009-2010 ADA. Staff projects that District's ADA will continue to decrease slightly in the next fiscal year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, parents, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions regarding this report or need additional financial information, contact the District Office, Acalanes Union High School District, 1212 Pleasant Hill Road, Lafayette, California 94549.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET ASSETS

JUNE 30, 2011

Total fund balances - governmental funds		$ 42,919,892
Amounts reported for assets and liabilities for governmental activities in the statement of net assets are different from amounts reported in governmental funds		
Capital assets: In governmental funds, only current assets are reported. In the statement of net assets, all assets are reported, including capital assets and accumulated depreciation.		
Capital assets at historical cost:	$ 194,865,190	
Accumulated depreciation:	(57,427,968)	
		137,437,222
Unamortized costs: In governmental funds, bond refunding and bond issuance costs are recognized as expenditures in the period they are incurred. In the government-wide statements, bond refunding and bond issuance costs are amortized over the life of the debt. Unamortized bond refunding and bond issuance costs at year end consist of:		22,691,188
Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is not recognized until the period in which it matures and is paid. In the government-wide statement of activities, it is recognized in the period that it is incurred. The additional liability for unmatured interest owing at the end of the period was:		(981,610)
Long-term liabilities: In governmental funds, only current liabilities are reported. In the statement of net assets, all liabilities, including long-term liabilities, are reported. Long-term liabilities relating to governmental activities consist of:		
General obligation bonds payable	$ 173,772,085	
Other post-employment benefits	891,444	
Compensated absences payable	348,302	
		(175,011,831)
Total net assets, governmental activities		$ 27,054,861

The accompanying notes are an integral part of these financial statements.

ACALANES UNION HIGH SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Total net change in fund balances - governmental funds		$ (8,251,561)
Amounts reported for revenues and expenses for governmental activities in the statement of activities are different from amounts reported in governmental funds because:		
Capital outlay: In governmental funds, the costs of capital assets are reported as expenditures in the period when the assets are acquired. In the statement of activities, costs of capital assets are allocated over their estimated useful lives as depreciation expense. The difference between capital outlay expenditures and depreciation expense for the period is:		
Expenditures for capital outlay:	$ 12,667,297	
Depreciation expense:	(4,432,402)	8,234,895
Debt service: In governmental funds, repayments of long-term debt are reported as expenditures. In the government-wide statements, repayments of long-term debt are reported as reductions of liabilities. Expenditures for repayment of the principal portion of long-term debt were:		5,200,000
Amortization: In governmental funds, bond premiums, bond discounts, and bond refunding losses are recognized as expenditures in the period they are incurred in governmental funds. In the government-wide statements, these costs are amortized over the life of the debt. Amortization of premiums, dicounts, and refunding losses for the period is:		(1,310,444)
Unmatured interest on long-term debt: In governmental funds, interest on long-term debt is recognized in the period that it becomes due. In the government-wide statement of activities, it is recognized in the period that it is incurred. Unmatured interest owing at the end of the period, less matured interest paid during the period but owing from the prior period was:		120,971
Accreted interest on capital appreciation bonds is not recognized as an expenditure in the govemmental fund financial statements until paid. In the statement of activities, however, accreted interest is recognized as an expense as the capital appreciation bonds accrete in value. The amount of accreted interest recognized in the current year was:		(2,922,972)
Compensated absences: In governmental funds, compensated absences are measured by the amounts paid during the period. In the statement of activities, compensated absences are measure by the amounts earned. The difference between compensated absences paid and compensated absences earned was:		(16,592)
Postemployment benefits other then pensions (OPEB): In the government-wide statements, expenses related to post-retirement healthcare benefits are measured by the amounts incurred during the year. In the governmental funds, expenditures are measured by the amount of financial resources used. This year, the difference between OPEB costs and actual employer contribution was:		(154,745)
Total change in net assets - governmental activities		$ 899,552

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. HISTORY OF DISTRICT

The Acalanes Union High School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of California. It is governed by a five member Governing Board elected by registered voters of the District, which comprises an area in Contra Costa County. The District was established in 1939 and serves students in grades nine through twelve.

B. REPORTING ENTITY

The District has reviewed criteria to determine whether other entities with activities that benefit the District should be included within its financial reporting entity. The criteria include, but are not limited to, whether the entity exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), the scope of public service, and a special financing relationship.

The District has determined that no outside entity meets the above criteria, and therefore, no agency has been included as a component unit in the District's financial statements. In addition, the District is not aware of any entity that would exercise such oversight responsibility that would result in the District being considered a component unit of that entity.

C. ACCOUNTING POLICIES

The District prepares its financial statements in accordance with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA) and complies with the policies and procedures of the Department of Education's *California School Accounting Manual*.

The District is also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. In addition, the District has the option to apply FASB pronouncements issued after that date to business-type activities and enterprise funds, if applicable. The District does not currently have any business activities or enterprise funds that require the District to follow the pronouncement of the FASB.

D. BASIS OF PRESENTATION

Government-wide Financial Statements

The statement of net assets and the statement of activities report information on all of the non-fiduciary activities of the District and its component units. The effect of interfund activity, within the governmental and business type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

Government-wide Financial Statements (Continued)

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. The District does not allocate indirect expenses to functions in the statement of activities.

Program revenues include charges paid by the recipients of goods or services offered by a program, as well as grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund Financial Statements

Fund financial statements report detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major governmental fund is presented in a separate column, and all non-major funds are aggregated into one column. Fiduciary funds are reported by fund type.

E. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Fiduciary funds use the accrual basis of accounting.

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements are met. Expenses are recorded when liabilities are incurred.

Governmental Fund Financial Statements

Governmental fund financial statements (i.e., balance sheet and statement of revenues, expenditures, and changes in fund balances) are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded under the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Available” means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, “available” means collectible within the current period or within 60 days after year-end.

Governmental Fund Financial Statements (Continued)

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and entitlements is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are to be used, or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

F. FUND ACCOUNTING

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity or retained earnings, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into major, non-major, and fiduciary funds as follows:

Governmental Funds

The **General Fund** is the general operating fund of the District and accounts for all revenues and expenditures of the District, not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

The **Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes

1. The **Adult Education Fund** is used to account for resources committed to adult education programs maintained by the District.

2. The **Deferred Maintenance Fund** is used for the purpose of major repair or replacement of District property.

3. The **Cafeteria Fund** is used to account separately for federal, state, and local resources to operate the food service program.

The **Capital Projects Funds** are used to account for resources used for the acquisition or construction of major capital facilities and equipment. This classification includes the Capital Facilities, Building, Special Reserve for Capital Outlay Projects and County School Facilities Funds.

1. The **Building Fund** is used to account for acquisition of major governmental facilities financed from the sale of bonds.

2. The **Special Reserve Fund or Capital Outlay Projects** is used to account for special building projects as determined by the governing board of the District.

3. The **Capital Facilities Fund** is used primarily to account separately for moneys received from fees levied on developers or other agencies as a condition of approving a development (Education Code sections 17620–17626).

The **Debt Service Funds** are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. This classification includes the Bond Interest and Redemption Fund.

1. The **Bond Interest and Redemption Fund** is maintained by the County Treasurer and is used to account for the accumulation of resources for, and the repayment of, District bonds, interest, and related costs.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of other parties in a trustee or agent capacity. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. Fiduciary funds are presented on an economic resources measurement focus and the accrual basis of accounting, similar to the government-wide financial statements. The key distinction between trust and agency funds is that trust funds are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

1. The **Private - Purpose Trust Fund** is used to account for assets held by the District as trustee. The District maintains a private-purpose trust fund, the Scholarship fund, to provide scholarships to students of the District.

2. The **Agency Funds** are used to account for assets of others for which the District acts as an agent. The District maintains four agency funds to account for student body activities at each school site. In addition, the District maintains an agency fund for the Contra Costa Special Education Local Plan Area (SELPA).

G. BUDGETS AND BUDGETARY ACCOUNTING

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

H. BUDGETS AND BUDGETARY ACCOUNTING (CONTINUED)

These budgets are revised by the District's Governing Board and Superintendent during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account (See Note 8).

I. ENCUMBRANCES

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

J. DEPOSITS AND INVESTMENTS

The District is authorized to maintain cash in banks and revolving funds that are insured up to $250,000 by the Federal Depository Insurance Corporation (FDIC).

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001).The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq.

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies; certificates of participation; obligations with first priority security; and collateralized mortgage obligations.

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost.

K. PREPAID EXPENSES/EXPENDITURES

The District has the option of reporting expenditures in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to recognize expenditures when incurred. Prepaid expenses include the costs of issuance associated with bond issues, which are amortized over the life of the bond obligation. Reported expenses are equally offset by a net assets reserve, which indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

L. INVENTORY

Inventory in the Cafeteria fund consists mainly of consumable supplies held for future use and are valued at average cost. Inventories are recorded as expenditures at the time individual inventory items are transferred from the warehouse to schools. Maintenance and other supplies held for physical plant repair, transportation supplies, and operating supplies are not included in inventories; rather, these amounts are recorded as expenditures when purchased.

The cafeteria fund records supplies expense which includes a handling charge for the delivery of government surplus food commodities. The state does not require the Cafeteria Fund to record the fair market value of these commodities. The supplies expenditures would have been greater had the District paid fair market value for the government surplus commodities.

M. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of $5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset's lives are not capitalized, but are expensed as incurred. Depreciation on all capital assets is computed using a straight-line basis over the following estimated useful lives:

Asset Class	Estimated Useful Life in Years
Sites and improvements	20
Buildings and improvements	50
Furniture and equipment	5-20

N. DEFERRED REVENUE

Cash received for federal and state special projects and programs is recognized as revenue to the extent that qualified expenditures have been incurred. Deferred revenue is recorded to the extent that cash received on specific projects and programs exceeds qualified expenditures.

O. COMPENSATED ABSENCES

All vacation pay is accrued when incurred in the government-wide financial statements. Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken, since such benefits do not vest, nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

P. LONG-TERM OBLIGATIONS

Long-term debt and other long-term obligations are reported as liabilities in the government-wide statements. Bond premiums, discounts and issuance costs are deferred and amortized over the life of the bonds using the straight line method which is not materially different from the effective interest method. Bonds payable are reported gross of premiums and net of discounts. Issuance costs are reported as part of prepaid expenses.

In the governmental fund financial statements, bond premiums, discounts, and issuance costs are recognized during the current period. The face amount of debt issued and any premiums received are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Q. FUND BALANCES

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, *"Fund Balance Reporting and Governmental Fund Type Definitions"*, the District is required to report fund balances in the following categories: Nonspendable, Restricted, Committed, Assigned and/or Unassigned.

- *Nonspendable Fund Balance* reflects assets not in spendable form, either because they will never be converted to cash (e.g. prepaid expense) or must remain intact pursuant to legal or contractual requirements. The District has classified it revolving cash account as being Nonspendable as it is required to be maintained intact.

- *Restricted Fund Balance* reflects amounts that can be spent only for the *specific purposes* stipulated by constitution, external resource providers, or through enabling legislation. The District has classified federal and state categorical programs as being restricted because their use is restricted by Statute. Debt service resources are to be used for future servicing of the general obligation bonds and are restricted through debt covenants.

- *Committed Fund Balance* reflects amounts that can be used only for the *specific purposes* determined by a formal action of the government's highest level of decision-making authority: the Board of Education. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of Trustees. The District did not have any committed resources as of June 30, 2011.

- *Assigned Fund Balance* reflects amounts which the Board or its designee intends to use for a specific purpose but are neither restricted nor committed. The Board delegates authority to assign funds to the assigned fund balance to the Superintendent or designee and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.

- *Unassigned Fund Balance* represents the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications.

Q. FUND BALANCES (Continued)

When expenditures are incurred for purposes of which restricted, committed, assigned and unassigned fund balances are available, the District considers restricted funds to have been spent first, followed by committed, assigned and unassigned, respectively.

R. REVENUE LIMIT/PROPERTY TAX

The District's revenue limit is received from a combination of local property taxes, state apportionments, and other local sources.

The County of Contra Costa is responsible for assessing, collecting and apportioning property taxes. Taxes are levied for each fiscal year on taxable real and personal property in the county. The levy is based on the assessed values as of the preceding January 1, which is also the lien date. Property taxes on the secured roll are due on November 1 and February 1, and taxes become delinquent after December 10 and April 10, respectively. Property taxes on the unsecured roll are due on the lien date (January 1), and become delinquent if unpaid by August 31.

Secured property taxes are recorded as revenue when apportioned, in the fiscal year of the levy. The county apportions secured property tax revenue in accordance with the alternative method of distribution prescribed by Section 4705 of the California Revenue and Taxation Code. This alternate method provides for crediting each applicable fund with its total secured taxes upon completion of the secured tax roll, approximately October 1 of each year.

The County Auditor reports the amount of the District's allocated property tax revenue to the California Department of Education. Property taxes are recorded as local revenue limit sources by the District.

The California Department of Education reduces the District's entitlement by the District's local property tax revenue. The balance is paid from the State General Fund, and is known as the state apportionment.

The District's Base Revenue Limit is the amount of general purpose tax revenue, per average daily attendance (ADA), that the District is entitled to by law. This amount is multiplied by the applicable attendance period ADA to derive the District's total entitlement.

S. ELIMINATIONS AND RECLASSIFICATIONS

In the process of aggregating data for the government-wide statements, some amounts reported as interfund activity and balances in the fund financial statements were eliminated or reclassified. Interfund receivables and payables were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

T. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2011 consist of the following:

	Governmental Activities	Fiduciary Activities
Cash on hand and in banks	$ -	$ 283,786
Cash in revolving fund	23,000	-
Cash with fiscal agent	4,091,566	7,472
Cash in county treasury	16,950,100	1,920,225
Local agency investment fund	9,251,151	-
Total Cash and Cash Equivalents	30,315,817	2,211,483
Investments	13,511,815	1,224,419
Total Cash and Investments	$ 43,827,632	$ 3,435,902

A. Cash on Hand and in Banks

Cash on hand and in banks consists of all cash held by the District and all cash maintained in commercial bank accounts owned by the District. Cash balances held in banks are insured up to $250,000 by the Federal Depository Insurance Corporation.

B. Cash in Revolving Funds

Cash in revolving fund consists of all cash maintained in commercial bank accounts that are used as revolving funds.

C. Cash with Fiscal Agent

Cash with fiscal agent consists of earned retention funds, held in an escrow account at Union Bank of California.

D. County Pool Investments

County pool investments consist of District cash held by the Contra Costa County Treasury that is invested in the county investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts that are based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The weighted average maturity of the pool is 151 days. The pool is rated AAA by Standard and Poor’s.

E. Local Agency Investment Fund (LAIF)

The District may also invest in the State of California's Local Agency Investment Fund (LAIF) administered by the State Treasurer. California law restricts the Treasurer to investments in the following categories: U.S. Government securities, securities of federally sponsored agencies, domestic corporate bonds, interest bearing time deposits in California banks and savings and loan associations, prime-rated commercial paper, repurchase and reverse repurchase agreements, security loans, banker's acceptances, negotiable certificates of deposit and loans to various bond funds. . Investments in LAIF are highly liquid, as deposits can be converted to cash within twenty-four hours without loss of interest or principal. The full faith and credit of the State of California secure investments in LAIF. LAIF has a weighted average maturity of 237 days. LAIF is currently unrated as to credit risk.

LAIF investments are audited annually by the Pooled Money Investment Board and the State Controller's Office. Copies of this audit may be obtained from the State Treasurer's Office, 915 Capitol Mall, Sacramento, CA 95814. The Pooled Money Investment Board has established policies, goals and objectives to make certain that their goal of safety, liquidity, and yield are not jeopardized and that prudent management prevails. LAIF has a continuing audit process throughout the year. The State Controller's Office, as well as an in-house audit process involving three separate divisions, audits all investments on a daily basis.

F. Investment Risks

Investment limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedule below:

Authorized Investment Type	Maximum Remaining Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Notes	5 years	30%	None
Mutual Funds	NlA	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rate will adversely affect the fair value of an investment. Generally, as the length of the maturity of an investment increases, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury that purchases a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair value of the District's investment to market interest rate fluctuations is provided by the following schedule that shows the distribution of the District's investment by maturity:

Governmental Activities:

	Fair	Investment Maturities		
Investment Type	Value	<1 Year	1-5 Years	>5 Years
Certificates of Deposit	$ 788,484	$ 788,484	$ -	$ -
US Treasury	3,092,727	693,340	2,399,387	-
Governmental Agencies	3,782,430	503,765	3,278,665	-
Municipal Obligations	3,846,032	-	2,110,712	1,735,320
Corporate Bonds	2,002,142	611,903	1,390,239	-
Total Investments	$ 13,511,815	$ 2,597,492	$ 9,179,003	$ 1,735,320

Fiduciary Activities:

	Fair	Investment Maturities		
Investment Type	Value	<1 Year	1-5 Years	>5 Years
US Treasury	$ 251,019	$ -	$ 251,019	$ -
Governmental Agencies	885,157	-	885,157	-
Municipal Obligations	6,959	-	-	6,959
Mutual Funds	81,284	81,284	-	-
Total	$ 1,224,419	$ 81,284	$ 1,136,176	$ 6,959

Credit Risk

Credit Risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented in the next page is the actual rating as of the year-end for each investment type.

Credit Risk (Continued)

Governmental Activities:

Investment Type	Fair Value	Rating as of June 30, 2011 AAA/A	BBB	Unrated
Certificates of Deposit	$ 788,484	$ -	$ -	$ 788,484
US Treasury	3,092,727	3,092,727	-	-
Governmental Agencies	3,782,430	3,181,572	-	600,858
Municipal Obligations	3,846,032	3,846,032	-	-
Corporate Bonds	2,002,142	2,002,142	-	-
Total	$ 13,511,815	$ 12,122,473	$ -	$ 1,389,342

Fiduciary Activities:

Investment Type	Fair Value	Rating as of June 30, 2011 AAA	BBB / B	Unrated
US Treasury	$ 251,019	$ 251,019	$ -	$ -
Governmental Agencies	885,157	483,992	-	401,165
Municipal Obligations	6,959	6,959	-	-
Mutual Funds	81,284	-	-	81,284
Total	$ 1,224,419	$ 741,970	$ -	$ 482,449

Concentration Risk

The District places no limit on the amount the District may invest in any one issuer. The following investments represent more than 5 percent of the District's total investments:

Governmental Activities:

	Fair Value	% of Portfolio
Federal Home Loan Mortgage Corporation	2,581,822	5.9%

3. INTERFUND TRANSACTIONS

Interfund transactions are reported as either loans, services provided, reimbursements, or transfers. Loans are reported as interfund receivables and payables, as appropriate, and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as are imbursement. All other interfund transactions are treated as transfers. Interfund transfers consist of operating transfers from funds receiving resources to funds through which the resources are to be expended.

4. INTERFUND TRANSACTIONS (Continued)

Interfund transfers for the 20102010-2011 fiscal year were as follows:

Transfer from General Fund to Adult Education Fund for Direct Support	$1,148,523
Transfer from General Fund to the Building Fund for Direct Support/Indirect Costs	69,727
Transfer from General Fund to the Cafeteria Fund for Indirect Costs	46,569
Transfer from Adult Education Fund to General Fund for Indirect Costs	250,000
Transfer from Adult Education Fund to the General Fund for Tier III Flexibility Transfer	150,000
Total Transfers	$ 1,664,819

4. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2011, was as follows:

	Balance July 1, 2010	Additions	Deletions	Balance June 30, 2011
Non-depreciable assets:				
Land	$ 1,905,037	$ -	$ -	$ 1,905,037
Depreciable assets:				
Sites and improvements	29,467,560	3,552,978	-	33,020,538
Building and improvements	140,294,770	614,300	-	140,909,070
Furniture and equipment	4,407,352	232,891	-	4,640,243
Work-in-Progress	6,123,174	8,267,128	-	14,390,302
	180,292,856	12,667,297	-	192,960,153
Totals, at cost	182,197,893	12,667,297	-	194,865,190
Accumulated depreciation:				
Sites and improvements	13,076,267	1,524,823	-	14,601,090
Building and improvements	36,839,127	2,607,960	-	39,447,087
Furniture and equipment	3,080,172	299,619	-	3,379,791
	52,995,566	4,432,402	-	57,427,968
Depreciable assets, net	127,297,290	8,234,895	-	135,532,185
Capital assets, net	$ 129,202,327	$ 8,234,895	$ -	$ 137,437,222

4. CAPITAL ASSETS (Continued)

Depreciation expense was charged to governmental activities as follows:

Instruction	$ 2,485,691
Supervision of instruction	239,520
Instructional library and technology	184,080
School site administration	162,232
Home-to-school transportation	57,352
Food services	85,541
All other pupil services	358,797
Data processing	45,691
All other general administration	280,326
Plant services	533,172
Total	$ 4,432,402

5. LONG-TERM LIABILITIES

General Obligation Bonds

The District's General Obligation Bonds represent general obligations payable solely from *ad valorem* property taxes. The outstanding general obligation debt of the District as of June 30, 2011 was as follows:

A. Current Interest Bonds

Date of Issue	Interest Rate %	Date of Maturity	Original Issue	Outstanding June 30, 2011
12/29/00	4.375-5.5	08/01/14	$ 21,925,000	$ 7,180,000
10/28/02	4.25-4.50	08/01/24	21,160,000	21,160,000
04/06/04	2.00-5.00	08/01/22	26,835,000	22,605,000
05/03/04	5.00	08/01/15	6,555,000	3,180,000
01/18/05	4.5-5.25	08/01/24	46,425,000	46,425,000
11/29/05	4.0-5.25	08/01/25	20,530,000	20,530,000
Total Bond Principal				$ 121,080,000
Add Premiums				4,981,873
Less Discounts				(679,390)
Bonds Payable, net				$ 125,382,483

A liability for unmatured interest of $981,610 was recorded as Accounts Payable in the Other Current Liabilities section of the Statement of Net Assets.

A. Current Interest Bonds (Continued)

The annual requirements to amortize the current interest bonds outstanding as of June 30, 2011, are as follows:

Fiscal Year Ended June 30,	Principal	Interest	Total Debt Service
2012	$ 3,070,000	$ 2,355,866	$ 5,425,866
2013	3,250,000	2,188,291	5,438,291
2014	3,415,000	4,766,666	8,181,666
2015	4,600,000	5,115,124	9,715,124
2016	3,705,000	4,965,050	8,670,050
2017-2021	38,570,000	25,935,591	64,505,591
2022-2026	64,470,000	21,737,653	86,207,653
Total	$ 121,080,000	$ 67,064,241	$ 188,144,241

B. Capital Appreciation Bonds

Date of Issue	Interest Rate %	Date of Maturity	Original Issue	Outstanding June 30, 2011
05/15/03	2.1-5.74	05/15/28	$ 43,999,951	$ 6,911,971
10/28/02	1.5-4.65	08/01/18	6,839,940	8,199,675
03/30/10	6.08-12.00	08/01/39	29,999,818	32,465,594
Total Bond Principal				$ 47,577,240
Add Premiums				812,362
Bonds Payable				$ 48,389,602

The outstanding obligation for the 2002 Series A bonds at June 30, 2011, was as follows:

Maturity Year	Principal	Acccreted Interest	Outstanding
2012	1,294,667	731,204	2,025,871
2013	1,463,127	826,335	2,289,462
2014	1,830,096	766,542	2,596,638
Totals	$ 4,587,890	$ 2,324,081	$ 6,911,971

B. Capital Appreciation Bonds (Continued)

The outstanding obligation for the 2002 refunding bonds at June 30, 2011, was as follows:

Maturity Year	Principal	Acccreted Interest	Outstanding
2012	321,448	289,665	611,113
2013	291,216	262,424	553,640
2014	272,680	245,715	518,395
2015	267,859	241,371	509,230
2016	882,236	794,988	1,677,224
2017-2019	2,277,647	2,052,426	4,330,073
Totals	$ 4,313,086	$ 3,886,589	$ 8,199,675

In March 30, 2010, the District issued General Obligation Bonds 2008 Series A in the aggregate principal amount of $29,999,818 to refund its 2009 General Obligation Bond Anticipation Notes and to renovate, repair, and construct and equip certain District schools, sites, and facilities. These bonds were issued as capital appreciation bonds and convertible capital appreciation bonds. The outstanding obligation for the 2008 Series bonds at June 30, 2011, was as follows:

Maturity Year	Principal	Acccreted Interest	Outstanding Balance
2012	$ -	$ -	$ -
2013	-	-	-
2014	-	-	-
2015	-	-	-
2016	-	-	-
2017-2021	-	-	-
2022-2026	339,026	53,404	392,430
2027-2031	4,490,552	376,007	4,866,559
2032-2036	10,755,442	862,051	11,617,493
2037-2039	14,414,798	1,174,314	15,589,112
Totals	$ 29,999,818	$ 2,465,776	$ 32,465,594

B. Capital Appreciation Bonds (Continued)

The annual requirements to amortize the capital appreciation bonds as of June 30, 2011, are as follows:

Fiscal Year Ended June 30,	Principal	Interest	Total Debt Service
2012	1,616,115	1,020,869	2,636,984
2013	1,754,343	1,088,759	2,843,102
2014	2,102,776	1,012,257	3,115,033
2015	267,859	241,371	509,230
2016	882,236	794,988	1,677,224
2017-2021	2,277,647	2,052,426	4,330,073
2022-2026	339,026	7,486,767	7,825,793
2027-2031	4,490,552	29,780,423	34,270,975
2032-2036	10,755,442	30,927,095	41,682,537
2037-2041	14,414,798	25,702,770	40,117,568
Totals	$ 38,900,794	$ 100,107,725	$ 139,008,519

C. Other Postemployment Benefits (OPEB)

Plan Description

The District administers a single-employer defined benefit healthcare plan. The plan provides five years of postemployment healthcare, dental, and vision benefits to eligible employees up to the age of 65. To be eligible to receive these postemployment benefits, retirees must be age 55 and have completed a minimum of 10 years of continuous service to the District immediately prior to retirement. The Plan provides for the District to contribute 100 percent of the cost of health insurance premiums for retirees. The District makes a monthly contribution toward medical coverage not to exceed $568.99 for single party coverage or $1,137.98 for two-party coverage. Benefit provisions are established by the District's Governing Board. The Plan does not issue a publicly available report.

Funding Policy

The District's Board has no specific funding policy for the plan. Expenditures are made on a pay-as-you-go basis. In addition, whenever savings are realized based on budgeted healthcare expenditures, the Board may direct the transfer of the savings to a trust held by California Employers' Retiree Benefit Trust (CERBT) for the benefit of the covered employees.

C. Other Postemployment Benefits (OPEB) (Continued)

Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) expense is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASBS No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the net OPEB obligation:

Annual required contribution	$ 1,179,972
Interest on net OPEB obligation	57,094
Adjustment to annual required contribution	(46,649)
Annual OPEB Expense	1,190,417
Payments made to retirees	(1,035,672)
Increase in net OPEB obligation	154,745
Net OPEB obligation - beginning of year	736,699
Net OPEB obligation - end of year	$ 891,444

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2009	$ 1,070,907	56.0%	$ 470,840
June 30, 2010	1,107,397	76.0%	736,699
June 30, 2011	1,190,417	87.0%	891,444

Funding Status and Funding Progress

As of November 1, 2011, the actuarial accrued liability (AAL) for benefits was $9,663,392, of which $9,530,912 was unfunded.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

C. Other Postemployment Benefits (OPEB) (Continued)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following table provides a summary of the methods and assumptions used:

Actuarial cost method:	Entry age normal
Interest rate assumption:	7.75%
Projected salary increase assumption:	3%
Health inflation assumption:	4%

Schedule of Changes in Long-Term Liabilities

A schedule of changes in long-term liabilities for the year ended June 30, 2011, is shown below:

	Balance June 30, 2010	Additions	Deductions	Balance June 30, 2011	Amounts Due Within One Year
General Obligation Bonds:					
Current Interest	$128,660,288	$ -	$ 3,277,805	$125,382,483	$ 3,070,000
Capital Appreciation	47,775,557	2,922,972	2,308,927	48,389,602	1,616,115
OPEB Liability	736,699	1,190,417	1,035,672	891,444	788,209
Compensated Absences	331,710	16,592	-	348,302	-
	$177,504,254	$ 4,129,981	$ 6,622,404	$175,011,831	$ 5,474,324

Payments on the general obligation bonds are made from the Bond Interest and Redemption Fund. Payments on the other postemployment benefits liability are made from the General Fund. Payments on the compensated absences are made from the fund for which the related employee worked.

6. FUND BALANCES

The District reports fund balances in accordance with Governmental Accounting Standards Board Statement No. 54. All fund balance categories are reported in the aggregate on the face of the balance sheet. All components of those fund balances and specific purposes are identified as follows:

	General Fund	Building Fund	Special Reserve for Capital Outlay Projects Fund	Bond Interest and Redemption Fund	Non-Major Funds	Total
Nonspendable:						
Revolving cash	$ 17,000	$ -	$ -	$ -	$ 6,000	$ 23,000
Prepaid expenses	798	-	-	-	-	798
Total Nonspendable	17,798	-	-	-	6,000	23,798
Restricted for:						
English learners	53,433	-	-	-	-	53,433
Instructional materials	98,079	-	-	-	-	98,079

7. EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS) and classified employees are members of the Public Employees' Retirement System (PERS).

7. EMPLOYEE RETIREMENT SYSTEMS (Continued)

A. State Teachers' Retirement System (STRS)

Plan Description

The District contributes to the State Teachers' Retirement System (STRS), a cost-sharing, multiple-employer, public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement and disability benefits, and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from the STRS, 100 Waterfront Place, West Sacramento, CA 95605.

Funding Policy

Active plan members are required to contribute 8.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2010-11 was 8.25% of annual payroll. The contribution requirements of the plan members are established by state statute. The District's contributions to STRS for the fiscal years ended June 30, 2011, 2010, and 2009 were $2,067,984, and $2,137,717, and $2,256,263 respectively, and equal 100% of the required contributions for each year.

B. California Public Employees' Retirement System (CaIPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Funding Policy

Active plan members are required to contribute 7.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2010-2011 was 10.7% of annual payroll.

Funding Policy (Continued)

The contribution requirements of the plan members are established by State statute. The District's contributions to CalPERS for the fiscal years ended June 30, 2011, 2010, and 2009 were $725,193, $670,166, and $649,060 respectively, and equal 100% of the required contributions for each year.

C. Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (STRS or PERS) must be covered by social security or an alterative plan. The District has elected to use Social Security as its alterative plan. Contributions made by the District and participating employees vest immediately. The District is required to contribute 6.2% of each employee's gross earnings. In addition, each employee is required to contribute 6.2% of his or her gross earnings.

8. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

Excess of expenditures over appropriations were as follows:

	Excess Expenditures
General Fund:	
Classified Salaries	$ 6,304
Adult Education	
Employee Benefits	$ 148
Cafeteria Fund	
Classified salaries	$ 19,790
Employee Benefits	$ 11,112
Special Reserve for Capital Outlay	
Books, supplies, etc.	$ 6,205

The District incurred unanticipated expenditures in excess of appropriations in each of the above expenditure classifications for which the budget was not revised.

9. JOINT VENTURES

The District participates in four joint ventures under joint powers agreements (JPAs); the Contra Costa County Schools Insurance Group (CCCSIG) for Workers' Compensation Insurance; the East Bay Schools Insurance Group (EBSIG) for Property and Liability Insurance, the Schools Excess Liability Fund (SELF) for Excess Liability Insurance, and the Schools Self-insurance of Contra Costa County (SSICCC) for health benefits. The relationships between the District and the JPAs are such that the JPAs are not component units of the District for financial reporting purposes.

9. JOINT VENTURES (Continued)

The JPAs arrange for and/or provide coverage for its members. The JPAs are governed by a board consisting of a representative from each member district. Each board controls the operations of their JPAs, including selection of management and approval of operating budgets independent of any influence by the member districts beyond their representation on the Board. Each member district pays a premium commensurate with the level of coverage requested and shares surpluses and deficits proportionately to their participation in the JPAs.

The JPAs are audited on an annual basis. Financial information can be obtained by contacting each JPAs management.

Condensed financial information for the JPAs for the most recent fiscal year available are as follows:

	CCCSIG June 30, 2011	SSICCC June 30, 2011	EBSIG June 30, 2011	SELF June 30, 2011
Total Assets	$ 97,712,198	$ 6,600,595	$ 2,745,138	$ 174,774,000
Total Liabilities	$ 74,926,034	$ 1,061,682	$ 1,846,986	$ 141,524,000
Net Assets	22,786,164	5,538,913	898,152	33,250,000
Total Liabilities and Net Assets	$ 97,712,198	$ 6,600,595	$ 2,745,138	$ 174,774,000
Revenues	$ 41,257,160	$ 14,371,390	$ 4,327,851	$ 10,248,000
Expenditures	48,048,482	14,539,893	4,150,545	13,508,000
Change in Net Assets	$ (6,791,322)	$ (168,503)	$ 177,306	$ (3,260,000)

10. COMMITMENTS AND CONTINGENCIES

The District has received state and federal funds for specific purposes that are Subject to review and audit by the grantor agencies. If the review or audit discloses exceptions, the District may incur a liability to grantor agencies.

11. SUBSEQUENT EVENTS

On July 19, 2011, the District issued Election of 2008 General Obligation Bonds, Series B in the aggregate principal amount of $37,999,106 for the purpose of refunding renovating, repairing, contracting, and equipping certain District schools, sites, and facilities. The Bonds are payable from the proceeds of *ad valorem* property taxes which the Board of Supervisors of the Contra Costa County are obligated to levy and collect on all taxable property in the District for the payment of the accreted value or conversion value of and interest on the Bonds. The bonds carry interest rates ranging from 5.65% to 7.3% and mature on August 1, 2028, 2032, and 2039.

APPENDIX C

FORM OF CONTINUING DISCLOSURE CERTIFICATE FOR THE BONDS

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the Acalanes Union High School District (the "District") in connection with the issuance of $19,410,000 of the District's 2012 General Obligation Refunding Bonds (the "Bonds"). The Bonds are being issued pursuant to a Resolution of the District dated October 19, 2011. The District covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriter in complying with S.E.C. Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Beneficial Owner" shall mean any person which (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

"Dissemination Agent" shall mean initially Keygent LLC, or any successor Dissemination Agent designated in writing by the District (which may be the District) and which has filed with the District a written acceptance of such designation.

"Holders" shall mean registered owners of the Bonds.

"Listed Events" shall mean any of the events listed in Section 5(a) and Section 5(b) of this Disclosure Certificate.

"Participating Underwriter" shall mean Piper Jaffray & Co. or any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

"Repository" shall mean the Municipal Securities Rulemaking Board, which can be found at http://emma.msrb.org/, or any other repository of disclosure information that may be designated by the Securities and Exchange Commission as such for purposes of the Rule in the future.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

"State" shall mean the State of California.

SECTION 3. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than eight months following the end of the District's fiscal year, commencing with the report for the 2011-12 Fiscal Year, provide to the Repository an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; *provided* that the audited financial statements of the District may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the District's fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(c).

(b) Not later than thirty (30) days (nor more than sixty (60) days) prior to said date the Dissemination Agent shall give notice to the District that the Annual Report shall be required to be filed in accordance with the terms of this Disclosure Certificate. Not later than fifteen (15) Business Days prior to said date, the District shall provide the Annual Report in a format suitable for reporting to the Repository to the Dissemination Agent (if other than the District). If the District is unable to provide to the Repository an Annual Report by the date required in subsection (a), the District shall send a notice to the Repository in substantially the form attached as Exhibit A with a copy to the Dissemination Agent. The Dissemination Agent shall not be required to file a Notice to Repository of Failure to File an Annual Report.

(c) The Dissemination Agent shall file a report with the District stating it has filed the Annual Report in accordance with its obligations hereunder, stating the date it was provided and listing all the Repository to which it was provided.

SECTION 4. Content and Form of Annual Reports. (a) The District's Annual Report shall contain or include by reference the following:

1. The audited financial statements of the District for the prior fiscal year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board. If the District's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

2. Material financial information and operating data with respect to the District of the type included in the Official Statement in the following categories (to the extent not included in the District's audited financial statements):

(A) State funding received by the District for the last completed fiscal year;

(B) Average daily attendance of the District for the last completed fiscal year;

(C) Outstanding District indebtedness;

(D) Summary financial information on revenues, expenditures and fund balances for the District's general fund reflecting adopted budget for the current fiscal year.

Any or all of the items listed above may be included by specific reference to other documents, including official statements of debt issues of the District or related public entities, which have been submitted to the Repository or the Securities and Exchange Commission. If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The District shall clearly identify each such other document so included by reference.

(b) The Annual Report shall be filed in an electronic format and accompanied by identifying information prescribed by the Municipal Securities Rulemaking Board.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds in a timely manner not in excess of 10 business days after the occurrence of the event:

1. principal and interest payment delinquencies.

2. tender offers.

3. defeasances.

4. rating changes.

5. adverse tax opinion, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, or Notices of Proposed Issue (IRS Form 5701-TEB).

6. unscheduled draws on the debt service reserves reflecting financial difficulties.

7. unscheduled draws on credit enhancement reflecting financial difficulties.

8. substitution of the credit or liquidity providers or their failure to perform.

9. bankruptcy, insolvency, receivership or similar event (within the meaning of the Rule) of the District. For the purposes of the event identified in this Section 5(a)(9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District.

(b) Pursuant to the provisions of this Section 5, the District shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

1. non-payment related defaults.

2. modifications to rights of Bondholders.

3. optional, contingent or unscheduled Bond calls.

4. unless described under Section 5(a)(5) above, adverse tax opinions, material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.

5. release, substitution or sale of property securing repayment of the Bonds.

6. the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms.

7. Appointment of a successor or additional trustee or paying agent with respect to the Bonds or the change of name of such a trustee or paying agent.

(c) Whenever the District obtains knowledge of the occurrence of a Listed Event under Section 5(b) hereof, the District shall as soon as possible determine if such event would be material under applicable federal securities laws.

(d) If the District determines that knowledge of the occurrence of a Listed Event under Section 5(c) hereof would be material under applicable federal securities laws, the District shall (i) file a notice of such occurrence with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event or (ii) provide notice of such reportable event to the Dissemination Agent in format suitable for filing with the Repository in a timely manner not in excess of 10 business days after the occurrence of the event. The Dissemination Agent shall have no duty to independently prepare or file any report of Listed Events. The Dissemination Agent may conclusively rely on the District's determination of materiality pursuant to Section 5(c).

SECTION 6. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 5(a) or Section 5(b), as applicable.

SECTION 7. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent (or substitute Dissemination Agent) to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent may resign upon fifteen (15) days written notice to the District. Upon such resignation, the District shall act as its own Dissemination Agent until it appoints a successor. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the District pursuant to this Disclosure Certificate and shall not be responsible to verify the accuracy, completeness or materiality of any continuing disclosure information provided by the District. The District shall compensate the Dissemination Agent for its fees and expenses hereunder as agreed by the parties. Any entity succeeding to all or substantially all of the Dissemination Agent's corporate trust business shall be the successor Dissemination Agent without the execution or filing of any paper or further act.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5(a) or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;

(c) The amendment or waiver does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds; and

(d) No duties of the Dissemination Agent hereunder shall be amended without its written consent thereto.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate. The Dissemination Agent acts hereunder solely for the benefit of the District; this Disclosure Certificate shall confer no duties on the Dissemination Agent to the Participating Underwriter, the Holders and the Beneficial Owners. The District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. The Dissemination Agent shall have no liability for the failure to report any event or any financial information as to which the District has not provided an information report in format suitable for filing with the Repository. The Dissemination Agent shall not be required to monitor or enforce the District's duty to comply with its continuing disclosure requirements hereunder.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX D

GENERAL ECONOMIC AND DEMOGRAPHIC INFORMATION FOR THE DISTRICT AND THE COUNTY OF CONTRA COSTA

The following information regarding economic activity within the various cities served by the District and the County in which the District is located is provided as background information only, to describe the general economic health of the region. However, the District encompasses a relatively small area within the County and the property tax required to be levied by the County to repay the Bonds will be levied only on property located in the District.

Introduction

The District serves the Cities of Lafayette and Orinda, the Town of Moraga, approximately one-third of the City of Walnut Creek and certain surrounding unincorporated areas in Contra Costa County.

Situated northeast of San Francisco, Contra Costa County is bounded by San Francisco Bay to the west, the San Pablo Bay and the Sacramento River delta to the north and by Alameda County on the south. Ranges of hills effectively divide Contra Costa County into three distinct regions. The western portion, with its access to water, contains much of Contra Costa's heavy industry. The central section is rapidly developing from a suburban area into a major commercial and financial headquarters center. The eastern part is also undergoing substantial change, from a rural, agricultural area, to a suburban region. Contra Costa County has extensive and varied transportation facilities - ports accessible to ocean-going vessels, railroads, freeways, and rapid transit lines connecting the area with Alameda County and San Francisco.

Population

The following table summarizes population figures for the cities of Lafayette, Orinda and Walnut Creek, the Town of Moraga and the County.

CITY OF LAFAYETTE, CITY OF ORINDA, THE TOWN OF MORAGA, CITY OF WALNUT CREEK AND CONTRA COSTA COUNTY
Population 2000-2011 with 2010 Benchmark

Year(1)	City of Lafayette	Town of Moraga	City of Orinda	City of Walnut Creek	Contra Costa County

Income

Effective buying income as reported in the annual publication "Survey of Buying Power" published by Sales and Marketing Management, is defined as personal income less personal taxes and certain nontax payments. Personal income includes wages and salaries, other labor-related income (such as employer contributions to private pension funds) and certain other income (e.g., proprietor's income, rental income, dividends, personal interest income, pensions and welfare assistance). Deductions are then made for federal, state and local taxes, certain nontax payments (such as fines and penalties) and personal contributions to a retirement program.

The following table summarizes historical median household effective buying income, for the County, State of California and United States.

CITY OF WALNUT CREEK AND CONTRA COSTA COUNTY,
STATE OF CALIFORNIA AND UNITED STATES OF AMERICA
Median Household Effective Buying Income
2000-2009

Year Ending	Contra Costa County	State of California	United States of America
2000	$53,234	$39,977	$37,233

APPENDIX E

PROPOSED FORM OF DELAYED DELIVERY CONTRACT

February 1, 2012

Piper Jaffray & Co., as Underwriter

Re: $19,410,000 Acalanes Union High School District (Contra Costa County, California) 2012 General Obligation Refunding Bonds:

The undersigned (the "Purchaser") hereby agrees to purchase from the above referenced underwriter (the "Underwriter"), when, as, and if issued and delivered to the Underwriter by the Acalanes Union High School District (the "District"), and the Underwriter agrees to sell to the Purchaser:

Par Amount	Maturity Date	Interest Rate	CUSIP	Yield	Price

of the above-referenced Bonds offered by the District under the Preliminary Official Statement dated January 27, 2012 and the Official Statement relating to the Bonds dated February 1, 2012 as amended or supplemented (as defined in the Purchase Contract between the Underwriter and the District) (the "Official Statement"), receipt and review of copies of which is hereby acknowledged, at the purchase price and with the interest rates, principal amounts, and maturity dates shown above, and on the further terms and conditions set forth in this Delayed Delivery Contract. Capitalized terms used but not defined herein shall have the meanings ascribed thereto in the Official Statement.

The Purchaser hereby purchases and agrees to accept delivery of such Bonds from the Underwriter on or about May 3, 2012 (the "Settlement Date").

Payment for the Bonds which the Purchaser has agreed to purchase on the Settlement Date shall be made to the Underwriter or upon their order on the Settlement Date upon delivery to the Purchaser of the Bonds then to be purchased by the Purchaser through the book-entry system of The Depository Trust Company.

The obligation of the Purchaser to take delivery hereunder shall be unconditional except in the event that between the date of this Delayed Delivery Contract and the Settlement Date one of the following events shall have occurred: (i) there shall have been a Change in Law (defined below); (ii) as a result of any legislation, regulation, ruling, order, release, court decision or judgment or action by the U.S. Department of the Treasury, the Internal Revenue Service, or any agency of the State either enacted, issued, effective, adopted or proposed, or for any other reason, Bond Counsel cannot issue an opinion to the effect that (a) the interest on the Bonds is not subject to federal income tax under Section 103 of the Code (or comparable provisions of any successor federal tax laws), and (b) the interest on the Bonds is exempt from the State of California income taxation; (iii) the Official Statement as of the date of Closing (as defined in the Purchase Contract between the Underwriter and the District) (which is expected to occur on or about May 3, 2012) contained an untrue statement or material misstatement of fact or omitted to state a material fact necessary in order to make the statements and information contained therein not misleading in any material respect and the District has refused to amend or supplement the Official Statement; (iv) legislation shall be enacted, or a decision by a court of the United States shall be rendered, or any action shall be taken by, or on behalf of, the Securities Exchange Commission which has the effect of requiring the Bonds to be registered under the Securities Act of 1933, as amended, or requires the qualification of the Resolution under the Trust Indenture Act of 1939, as amended, or an event shall occur which would cause the sale of the Bonds to be in violation of any provision of the federal or State of California securities laws; (v) letters from each of Moody's Investor Service and Standard and Poor's Rating Service stating the ratings on the Bonds as of the Settlement Date are not delivered (which ratings may be different than the ratings on the Bonds as of the Closing Date); or (vii) a general banking moratorium has been declared by federal, New York or California authorities and it is in effect as of the Settlement Date.

A "Change in Law" means (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts or by federal or state agencies, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies; (ii) any legislation enacted by the Congress of the United States (if such enacted legislation has an effective date which is on or before the Settlement Date), (iii) any law, rule or regulation enacted by any governmental body, department or agency (if such enacted law, rule or regulation has an effective date which is on or before the Settlement Date) or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case would, (A) as to the Underwriter prohibits the Underwriter from completing the underwriting or the sale of the Bonds or the beneficial ownership interests therein to the public, or (B) as to the District, would make the completion of the issuance, sale or delivery of the Bonds illegal.

The Purchaser acknowledges and agrees that the Bonds are being sold on a "forward" or "delayed delivery" basis for delivery on the Settlement Date and that the Purchaser is obligated to take up and pay for the Bonds on the Settlement Date unless one of the events described above shall have occurred. The Purchaser acknowledges that it will not be able to withdraw its order as described herein, and will not otherwise be excused from performance of its obligations to take up and pay for the Bonds on the Settlement Date because of market or credit changes, including specifically, but not limited to (a) changes in the ratings assigned to the Bonds between the Closing Date and the Settlement Date or changes in the credit associated with the Bonds generally, and (b) changes in the financial condition, operations, performance, properties or prospects of the District from the date hereof to the Settlement Date. The Purchaser acknowledges and agrees that it will remain obligated to purchase the Bonds in accordance with the terms hereof, even if the Purchaser decides to sell such Bonds following the date hereof, unless the Purchaser sells such Bonds to another financial institution with the prior written consent of the Underwriter and such financial institution provides a written acknowledgment of confirmation of purchase order and a delayed delivery contract in the same respective forms as that executed by the Purchaser.

The Purchaser represents and warrants that, as of the date of this Delayed Delivery Contract, the Purchaser is not prohibited from purchasing the Bonds hereby agreed to be purchased by it under the laws of the jurisdiction to which the Purchaser is subject. Each of the undersigned parties represents and warrants that it has the power and authority to enter into this Delayed Delivery Contract and to perform its obligations hereunder.

This Delayed Delivery Contract will inure to the benefit of and be binding upon the parties hereto and their respective successors, but will not be assignable by either party without the prior written consent of the other.

The Purchaser acknowledges that the Underwriter is entering into an agreement with the District to purchase the Bonds in reliance in part on the performance by the Purchaser of its obligations hereunder.

The Purchaser agrees that it will at all times satisfy the minimum initial and maintenance margin requirements of Regulation T of the Board of Governors of the Federal Reserve System, Rule 431 of the New York Governors of the Federal Reserve System, Rule 431 of the New York Stock Exchange, Inc., and any other margin regulations applicable to the Underwriter.

This Delayed Delivery Contract may be executed by either of the parties hereto in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument.

It is understood that the acceptance by the Underwriter of any Delayed Delivery Contract (including this one) is in the Underwriter's sole discretion and that, without limiting the foregoing, acceptances of such contracts need not be on a first-come, first-served basis. If this Delayed Delivery Contract is acceptable to the Underwriter, it is requested that the Underwriter sign the form of acceptance below and mail or deliver one of the counterparts hereof to the Purchaser at its address set forth below. This will become a binding contract between the Underwriter and the Purchaser when such counterpart is so mailed or delivered by the Underwriter. This Delayed Delivery Contract does not constitute a customer confirmation pursuant to Rule G-15 of the Municipal Securities Rulemaking Board.

This Delayed Delivery Contract shall be construed and administered under the laws of the State of New York.
